Ophthalmology	4	4	-	8
Respiratory Medicine	2	-	-	2
Psychiatry	2	2	-	4
Radiodiagnosis	2	-	-	2
Dermatology , Venereology & Leprosy	2	2	2	6
Dentistry & Anesthesia	-	2	-	2
Casulty	-	2	-	2
	<b>36</b>	<b>42</b>	<b>48</b>	<b>126</b>

\* In four of the eight weeks of electives , regular clinical posting shall be accommodated

Clinical posting may be adjusted within the time framework

1 This posting includes Laboratory Medicine ( Para-clinical) & Infections Diseases ( Phase III Part-I)

2.This includes maternity training and family welfare ( including Family Planning )

3. This posting includes Physical Medicine and Rehabilitation

4.This Posting includes Radiotherapy,

# Block I

(1<sup>st</sup> February 2022 to 14<sup>th</sup> June 2022 – 18 Weeks)

**Third Year Part-I (CBME) Time Table for 2019 Batch**

BLOCK I Week I							
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 2	Tues	Clinical Posting	Lecture: 1 SU1.3 Describe basic concepts of postoperative care.	AS 8.2 PY10.3 Elicit and determine the level, quality and quantity of pain and its tolerance in patient or surrogate Describe and discuss somatic sensations & sensory tracts	<b>L U N C H</b>	Lecture-1 - Medical Jurisprudence (Medical Law and ethics)FM 4.2 Describe the Code of Medical Ethics 2002 conduct, Etiquette and Ethics in medical practice and unethical practices & the dichotomy  FM 4.3 Describe the functions and role of Medical Council of India and State Medical Councils  FM 4.4 Describe the Indian Medical Register  FM 4.5 Rights/privileges of a medical practitioner, penal erasure, infamous conduct, disciplinary Committee, disciplinary procedures, warning notice and penal erasure  4.22 Explain Oath – Hippocrates, Charaka and Sushruta and procedure for administration of Oath.	Small group-1- (BATCH “ B) Medical Jurisprudence (Medical Law and ethics)  FM4.7 Describe and discuss the ethics related to HIV patients  FM4.8 Describe the Consumer Protection Act-1986 (Medical Indemnity Insurance, Civil Litigations and Compensations), Workman’s Compensation Act & ESI Act  FM4.9 Describe the medico - legal issues in relation to family violence, violation of human rights, NHRC and doctors
Day 3	Wed	Clinical Posting	Lecture.1- OG 12.7- Describe and discuss screening, risk factors, management of mother and newborn with HIV	Dummy and Pelvis		EN 1.1 ANATOMY AND PHYSIOLOGY OF EAR	AN40.1 Describe & identify the parts, blood supply and nerve supply of external ear  AN40.2 Describe & demonstrate the boundaries, contents, relations and functional anatomy of middle ear and auditory tube.  AN.38.1 Describe the morphology, identify structure of the wall, nerve supply, blood supply and actions of intrinsic and extrinsic muscles of the larynx
Day 4	Thu	Clinical Posting	Lect. 1 - Classification of anemia; Etiology &Prevalence	Tutorials 3 Drugs – IV fluids and pain killers including Narcotics		Anaesth - AS 8.2 PY10.3 Elicit and determine the level, quality and quantity of pain and its tolerance in patient or surrogate Describe and	Integrated Teaching

Third Year Part-I (CBME) Time Table for 2019 Batch

						discuss somatic sensations & sensory tracts	
Day 5	Fri	Clinical Posting	Lecture- 1- PE 1.1, 1.2, 1.3- Normal Growth and Development- Definition, Physiology and factors affecting growth and development, Normal somatic and physical growth, Assessment of growth, Growth charts	P.E. 1.5, 1.6 - Developmental milestones- Definition, principles, factors affecting development, domains and developmental milestones in various domains, developmental assessment		OP1.1 Describe the physiology of vision	OP1.5 Define, enumerate the types and the mechanism by which strabismus leads to amblyopia
Day 6	Sat	Clinical Posting	Lecture- 1- PS1.2- Describe the components of communication. PS2.1- Define stress and describe its components and causes. PS3.1- Describe the growth of psychiatry as a medical specialty, its history and contribution to society.	Anaesth- AS 1.1, AS 1.2, AS 1.4, SU11.2, AS 3.1, AS 3.2, AS 3.3, AS 3.4, AS 3.5 SU11.1 Evolution of Anaesthesiology as a modern speciality Roles of Anaesthesiologist Anaesthesiology as a career Enumerate the principles of general, regional, and local Anaesthesia. Preoperative Evaluation Medication HistoryClinical Examination TestingReadiness For General SurgeryPrinciples of Preoperative assessment		AETCOME	Self Directed Learning

### Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 2							
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 1	Mon	Clinical Posting	Skin Lec 1 -DR9.1 Classify, describe the epidemiology, etiology, microbiology pathogenesis and clinical presentations and diagnostic features of Leprosy	Skin DR1.1 Structure & functions of skin		Lecture:2- CM 7.3 - Epidemiology	CM 7.4- Exercises on calculation of morbidity and mortality indicators based on given set of data and their interpretation
Day 2	Tues	Clinical Posting	Lecture: 2 - SU1.3 - Describe the planning and conduct of surgical audit Describe the principles and steps of clinical research in General Surgery	SGD: 1 SU1.3 AS3.1, AS9.3, AS9.4  Describe basic concepts of perioperative care- preoperative Describe the principles of preoperative evaluation Describe the principles of fluid therapy in the preoperative period Enumerate blood products and describe the use of blood products in the preoperative period		Lecture-2 - Medical Jurisprudence (Medical Law and ethics) FM4.6 Describe the Laws in Relation to medical practice and the duties of a medical practitioner towards patients and society. FM4.24 Enumerate rights, privileges and duties of a Registered Medical Practitioner. Discuss doctor-patient relationship: professional secrecy and privileged communication.	Forensic Medicine (P)  Small group-1- (BATCH “ A) Medical Jurisprudence (Medical Law and ethics)  FM4.7 Describe and discuss the ethics related to HIV patients  FM4.8 Describe the Consumer Protection Act-1986 (Medical Indemnity Insurance, Civil Litigations and Compensations), Workman’s Compensation Act & ESI Act  FM4.9 Describe the medico - legal issues in relation to family violence, violation of human rights, NHRC and doctors .
Day 3	Wed	Clinical Posting	Lecture. 2- OG 12.8- Describe the mechanism, prophylaxis, fetal complications, diagnosis and management of isoimmunization in pregnancy	Dummy and Pelvis		EN 1.1 ANATOMY AND PHYSIOLOGY OF NOSE AND THROAT	AN.37.1 Describe & demonstrate features of nasal septum, lateral wall of nose, their blood supply and nerve supply  PY.10.15 Describe the morphology, identify structure of the wall, nerve supply, blood supply and actions of intrinsic and extrinsic muscles of the larynx
Day 4	Thu	Clinical Posting	Lect. 3 -Diagnostic plan for evaluation of anemia including BMA & Biopsy	Tutorials 3 Drugs – IV fluids and pain killers including Narcotics		Anaesth - AS 8.3, PH 1.16.4, PH1.19.4 Describe the pharmacology and use of drugs in the management of pain	Integrated Teaching

Third Year Part-I (CBME) Time Table for 2019 Batch

						NSAIDs Opioid agonists	
Day 5	Fri	Clinical Posting	Lecture- 2- PE 3.1, 3.2,30.10- Developmental Delay- Definition, Approach to development delay and intellectual disability, etiology, clinical feature, Prevention and management	P.E. 2.1, 2.4- failure to thrive- Definition, etiology, clinical features, management & evaluation of a child with failure to thrive.		OP1.2 – 1 Definition and classification of refractive errors	OP2.4 Describe the aetiology , clinical presentation, Discuss the complication and management of orbital cellulitis
Day 6	Sat	Clinical Posting	Lecture- 2- PS2.5- Defineand distinguish normality and abnormality PS3.2 - Enumerate, describe and discuss important signs & symptoms of commonmental disorders.	Anaesth- AS4.1, PY 3.4, PY 3.5 Describe and discuss the pharmacology of drugs used in induction and maintenance of general anaesthesia (including intravenous and inhalation induction agents, opiate and non-opiate analgesics,depolarising and non depolarising muscle relaxants, anticholinesterases) Describe the structure of neuro-muscular junction and transmission of impulses.  Action of neuro-muscular blocking agents.		AETCOME	Self Directed Learning

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 3							
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 1	Mon	Clinical Posting	Skin Lec 2 -DR9.4 Enumerate, describe and identify lepra reactions and supportivemeasures and the rapyofleprare actions	Skin DR1.2 Primary & secondary leassion of skin		Lecture:2- CM 7.3 - Epidemiology	CM6.1- Demonstration and exercises on Formulation of a research problem , research question & research hypothesis for a study
Day 2	Tues	Clinical Posting	Lecture: 3 - SU8.1, 8.2 AS10.3- Describe the principles of Ethics as it pertains to General Surgery and demonstrate professionalism and empathy to the patient undergoing general surgery Describe the role of communication in patient safety	SU1.3 SGD: 2  Describe basic concepts of perioperative care: Intraoperative		Lecture- 3- Medical Jurisprudence (Medical Law and ethics)  FM4.18 Describe and discuss medical negligence including civil and criminal negligence, contributory negligence, corporate negligence, vicarious liability, Res Ipsa Loquitor, prevention of medical negligence and defenses in medical negligence litigations	Small group-2 - ( BATCH B )Medical Jurisprudence (Medical Law and ethics)  FM4.10 Describe communication between doctors, public and media  FM4.11 Describe and discuss euthanasia.
Day 3	Wed	Clinical Posting	Lecture. 3- OG 13.1- Enumerate and discuss the physiology of normal labor, mechanism of labor in occipito-anterior presentation;	Mechanism of labour		EN 1.1, EN 1.2 -  ANATOMY AND PHYSIOLOGY OF HEAD AND NECK PATHOPHYSIOLOGY OF COMMON DISEASES IN HEAD AND NECK	PY.10.16 Describe and discuss pathophysiology of deafness. Describe hearing tests  IM.24.17 Describe and discuss the aetiopathogenesis, clinical presentation, identification, functional changes, acute care, stabilization, management and rehabilitation of hearing loss in the elderly
Day 4	Thu	Clinical Posting	Lect. 2 -Components of hemogram; Tests for Iron deficiency & Vit. B12 Deficiency. Determine the need for specialist consultation.	Tutorials 2 Medical emergencies - related to Pharmacological agents		Anaesth - AS 8.4, AS8.5 - Describe the principles of pain management in palliative care  Describe the principles of pain management in the terminally ill.	Integrated Teaching
Day 5	Fri	Clinical Posting	Lecture- 3- PE 3.8,30.11- Cerebral Palsy- Definition,	P.E. 2.6- Definition, etiology, clinical features,		OP1.2 - 2 Methods of correcting	OP2.5 Describe clinical features on ocular examination and

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			Etiopathogenesis, Types of Cerebral Palsy, Evaluation of a child with Cerebral Palsy, Prevention and management	management and evaluation of a child with short stature		refractive errors	management of a patient with cavernous sinus thrombosis
Day 6	Sat	Clinical Posting	<b>Holiday</b>				

**Third Year Part-I (CBME) Time Table for 2019 Batch**

BLOCK 1 Week 4							
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 1	Mon	Clinical Posting	Skin Lec 4 -DR9.6 Describe the treatment of Leprosy based on the WHO guidelines	skin DR2.1 Viral infections – Herpes zoster & chicken pox with treatment		Lecture:3- CM 7.4 - Epidemiology	CM 7.5- Exercise on developing appropriate epidemiological study design and method for a given public health problem.
Day 2	Tues	Clinical Posting	Lecture: 4 - SU9.2- Biological basis for early detection of cancer and multidisciplinary approach in management of cancer	SU1.3 SGD: 3 AS6.3 Describe basic concepts of perioperative care: postoperative Describe the common complications encountered by patients in the recovery room, their recognition and principles of management		Lecture- 4- Medical Jurisprudence (Medical Law and ethics)  FM4.19 Define Consent. Describe different types of consent and ingredients of informed consent. Describe the rules of consent and importance of consent in relation to age, emergency situation, mental illness and alcohol intoxication	Small group-2 - ( BATCH A) Medical Jurisprudence (Medical Law and ethics)  FM4.10 Describe communication between doctors, public and media  FM4.11 Describe and discuss euthanasia.
Day 3	Wed	Clinical Posting	Lecture. 4 - OG 13.1- Enumerate and discuss the physiology of normal labor, mechanism of labor in occipito-anterior presentation;	Management of normal labour		ENT 2.11, EN2.15 -  CLINICAL EXAMINATION OF MALIGNANT AND PRE-MALIGNANT ENT DISEASES NATIONAL PROGRAMS FOR PREVENTION OF DEAFNESS, CANCER ,NOISE AND ENVIRONMENTAL POLLUTION	PE28.5 Discuss the etio-pathogenesis, clinical features and management of Epiglottitis  PE28.6 Discuss the etio-pathogenesis, clinical features and management of Acute laryngo- tracheo-bronchitis  PE28.7 - Discuss the etiology, clinical features and management of Stridor in children
Day 4	Thu	Clinical Posting	Lect. 4 -Indication for Blood transfusion & components; Precautions during transfusion including mismatch transfusion.	Tutorials 4 Drugs – used in CPR		Anaesth - AS 9.3 Describe the principles of fluid therapy in the preoperative period	Integrated Teaching
Day 5	Fri	Clinical Posting	Lecture- 4-P.E 4.1, 4.2- Scholastic backward hem and learning	P.E. 4.5, 4.6- Visit to child guidance clinic, role of child-		OPI.4 Enumerate the indications and describe the principles of	OP2.6 – 1 Enumerate the causes and describe the differentiating features of proptosis

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			disability(LD)- Causes and approach to a child with scholastic backwardness Definition, types and etiology of LD Approach and management of a child with LD	S.11.9, S.11- learning disabilities in children- guidance clinic in developmental & behavioural problems	refractive surgery	
Day 6	Sat	Clinical Posting	Lecture- 3- PS2.2- Describe the role of time management, study skills, balanced diet and sleep wake habits in stress avoidance.	Anaesth- AS 4.3, AS 4.4, AS 4.5 Observe and describe the principles and the practical aspects of induction and maintenance of anesthesia.  Observe and describe the principles and the steps/ techniques in maintenance of vital organ functions in patients undergoing surgical procedures  Observe and describe the principles and the steps/ techniques in monitoring patients during anaesthesia	AETCOME	Self Directed Learning

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 1	Mon	Clinical Posting	Skin Lec 5 -DR9.7 Enumerate and describe the complications of leprosy and its management, including understanding disability and stigma.	Skin DR2.2 Viral infections – Molluscum contagiosum & warts with treatment		Lecture:4- CM 7.5 - Epidemiology	CM 7.9- Demonstration and hands on training of application of computers in epidemiology. Demonstration and hands on exercises of application of MS- Excel , Epi Info etc.
Day 2	Tues	Clinical Posting		<b>HOLIDAY</b>			
Day 3	Wed	Clinical Posting	Lecture. 5- OG 13.1- Principles of induction and acceleration of labor; management of third stage of labor.	Obstetric drugs		EN 4.1, EN 4.0, EN 4.2, <b>PRINCIPLES OF MANAGEMENT OF OTALGIA</b>  CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF DISCHARGE IN EAR CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF DISEASES OF EXTERNAL EAR	PE28.8 Discuss the types, clinical presentation, and management of foreign body aspiration in infants and children
Day 4	Thu	Clinical Posting	Lect. 5 -National programs for prevention of anemia	Tutorials 5 Instruments – for various injections and IV access		Anaesth - AS10.1, AS10.2 , AS10.3  AS10.4 Enumerate the hazards of incorrect patient positioning  Enumerate the hazards encountered in the perioperative period and steps/ techniques taken to prevent them Describe the role of communication in patient safety Define and	Integrated Teaching

Third Year Part-I (CBME) Time Table for 2019 Batch

						describe common medical and medication errors in anesthesia.	
Day 5	Fri	Clinical Posting	Lecture- 5 -P.E. 4.3,4.4- ADHD and Autism - Etiology, clinical feature, diagnosis and management of ADHD, Etiology, clinical features, diagnosis and management of Autism	P.E.. 3.5, 3.6,3.7- Developmental delay- Visit to child developmental unit & observe functioning of clinic & its role in management of developmental delay		OP2.1 – 1 Enumerate the causes, describe and discuss the etiology, clinical presentations and diagnostic features of common conditions of the lid and adnexa like Hordeolum externum / internum, blepharitis, preseptal cellulitis , dacryocystitis	OP2.6 – 2OP2.7 - 1 Clinical features and management of proptosis Classify the various types of orbital tumors
Day 6	Sat	Clinical Posting	Lecture- 3- PS2.2- Describe the role of time management, study skills, balanced dietandsleep wake habitsin stress avoidance.	Anaesth- AS 4.3, AS 4.4, AS 4.5 Observe and describe the principles and the practical aspects of induction and maintenance of anesthesia.  Observe and describe the principles and the steps/ techniques in maintenance of vital organ functions in patients undergoing surgical procedures  Observe and describe the principles and the steps/ techniques in monitoring patients during anaesthesia		AETCOME	Self Directed Learning

**Third Year Part-I (CBME) Time Table for 2019 Batch**

BLOCK 1 Week 6							
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 1	Mon	Clinical Posting	Skin Lec 6 -DR10.3 Enumerate the indications and describe the pharmacology,administration and adverse reaction of pharmacotherapies forsyphilisDR10.4 Describe the prevention of congenital syphilis	Skin DR2.3 Viral infections – HSV1 & HSV2 with management		Lecture:5- CM 7.5 - Epidemiology	PS5.6- Enumerate the appropriate conditions for specialist referral inpatients with psychotic disorders
Day 2	Tues	Clinical Posting	Lecture: 5 - SU10.1- Describe the principles of perioperative management of common surgical procedures and Describe the steps and obtain informed consent in a simulated environment	SU2.1 SGD: 4PA6.3 Describe Pathophysiology of shock, types of shock & principles of resuscitation including fluid replacement and monitoring. Define and describe shock, its pathogenesis and its stages	L U N  C H	Lecture- 5- Medical Jurisprudence (Medical Law and ethics)  FM4.20 Describe therapeutic privilege, Malingering, Therapeutic Misadventure, Professional Secrecy, Human Experimentation  FM4.21 Describe Products liability and Medical Indemnity Insurance	Small group-3- (BATCH B) Medical Jurisprudence (Medical Law and ethics)  FM4.12 Discuss legal and ethical issues in relation to stem cell research  FM4.16 Describe and discuss Bioethics  FM4.17 Describe and discuss ethical Principles: Respect for autonomy, non- malfesance, beneficence & justice
Day 3	Wed	Clinical Posting	Lecture. 6- OG 13.2- Define, describe the causes, pathophysiology, diagnosis, investigations and management of preterm labor, PROM	Obstetric drugs		EN4.3, EN4.5 - CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF ASOM  CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF OME	ENT(P)  EN 2.9 - Choose correctly and interpret radiological, microbiological & histological investigations relevant to the ENT disorders  X Rays of mastoid, PNS, nasopharynx, neck, thorax - Routine blood investigations, Pus- bacterial culture, sensitivity, Fungal  culture and KOH mount -FNAC and biopsy
Day 4	Thu	Clinical Posting	Lect. 6 -Definition, prevalence, etiology, risk factors including monogenic forms,	Tutorials 6 Instruments - for routine invasive procedures		naesth - PH1.17 Describe the mechanism/s of action, types, doses, side effects, indications and contraindications of local	Integrated Teaching

Third Year Part-I (CBME) Time Table for 2019 Batch

			environmental factors of obesity		anesthetics.	
Day 5	Fri	Clinical Posting	Lecture- 6 - PE 5.1, 5.2,5.3,5.4, 5.5, 5.6,5.7,5.8, 5.9- Behavioral problem and enuresis - Description, clinical features, diagnosis and management, Thumb sucking, feeding problems, pica, Nail biting, breathholding spells, Maturation of bowel and bladder control, Definition, etiology, clinical features, management and enuresis and encopresis	P.E. 27.29- Child Abuse- Causes & clinical presentation, medicolegal implication	OP2.1 - 2 Enumerate the causes, describe and discuss the etiology, clinical presentations and diagnostic features of common conditions of the lid and adnexa like hemangioma, dermoid, ptosis , entropion, lid lag, lagophthalmos	OP2.7 - 2 Differentiate the symptoms of various types of ocular tumors
Day 6	Sat	Clinical Posting	Lecture- 5- PS2.4- Describe the principles of personality development and motivation.	Anaesth- AS 5.1, AS 5.5, AS5.2 Enumerate the indications for and describe the principles of regional anaesthesia (including spinal, epidural and combined) Observe and describe the principles and steps/ techniques involved in caudal epidural in adults and children Describe the correlative anatomy of the brachial plexus, subarachnoid and epidural spaces	AETCOM	Self Directed Learning

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 7							
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05
Day 1	Mon	Clinical Posting	Skin Lec 7 -DR10.5 Counselinanon-judgementalandempathetic mannerpatientsonpreventi onofsexuallytransmitted diseases	Skin DR3.1 Fungal infection- dermatophytosis(TINEA)	<b>L U N C H</b>	Lecture:6- CM 7.6- Epidemiology	CM6.2- Demonstration and exercises on the methods of data collection, classification, analysis, interpretation and presentation of statistical data-2
Day 2	Tues	Clinical Posting	Lecture: 6 SU11.1, 11.5 Describe principles of Preoperative assessment. Describe principles of providing post-operative pain relief and management of chronic pain. Describe the principles of preoperative evaluation. Observe and describe the principles and steps/ techniques involved S in common blocks used in Surgery(including brachial plexus blocks)	SU2.2 SGD: 5 IM15.3 Describe the clinical features of shock and its appropriate treatment Describe and discuss the physiologic effects of acute blood and volume loss		Lecture -6- Forensic Pathology FM 2.4 Describe salient features of the Organ Transplantation and The Human Organ Transplant (Amendment) Act 2011 and discuss ethical issues regarding organ donation	Small group-3- (BATCH A) Medical Jurisprudence (Medical Law and ethics) FM4.12 Discuss legal and ethical issues in relation to stem cell research FM4.16 Describe and discuss Bioethics FM4.17 Describe and discuss ethical Principles: Respect for autonomy, non- malfeasance, beneficence & justice
Day 3	Wed	Clinical Posting	Lecture. 7. OG 13.2- And postdated pregnancy	Gynaec drugs		EN4.6, EN4.7 CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF CSOM CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF SQUAMOSAL TYPE OF CSOM	EN2.15 - Describe the national programs for prevention of deafness, cancer, noise & environmental pollution EN4.3 - Elicit document and present a correct history, demonstrate and describe the clinical features of otalgia.
Day 4	Thurs	Clinical Posting	Lect. 7 -Natural history, complications, laboratory tests , pharmacotherapy and bariatric surgery of obesity and prevention of obesity	Tutorials 7 X rays – Format of reading X-ray chest, skeletal and pleural involvement in X-ray Chest		Anaesth - SU 11.1 , SU 11.3, SU 17.2 - Describe principles of Preoperative assessment Demonstrate maintenance of an airway in a mannequin or equivalent Demonstrate the steps in Basic Life Support. Transport of injured patient in a simulated Environment	Integrated Teaching
Day 5	Fri			HOLIDAY			
Day 6	Sat	Clinical Posting	Lecture- 6- PS3.6- Describe and discuss biological, psychological	Anaesth- AS 6.1, AS 6.3, AS6.2 Describe the principles of monitoring and resuscitation in		AETCOM	Self Directed Learning

**Third Year Part-I (CBME) Time Table for 2019 Batch**

		<p>&amp; social factors &amp; the interactions in the causation of mental disorders</p> <p>PS3.7- Enumerate and describe common organic psychiatric disorders, magnitude, etiology and clinical features.</p> <p>PS3.8- Enumerate and describe the essential investigations in patients with organic psychiatric disorders</p>	<p>the recovery room Describe the common complications encountered by patients in the recovery room, their recognition and principles of management</p> <p>Observe and enumerate the contents of the crash cart and describe the equipment used in the recovery room</p>				
--	--	--	--	--	--	--	--

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 8							
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05
Day 1	Mon	Clinical Posting	Skin Lec 8 -DR10.6 Describe the etiology, diagnostic and clinical features of non-syphilitic sexually transmitted diseases (chancroid, donovanosis and LGV)	Skin DR3.2 Fungal infection-candidial infections & PITRIASIS VERSICOLAR	L U N C H	Lecture:7- CM 7.8- Epidemiology	CM6.3- Demonstration and exercises on the application of elementary statistical methods including test of significance in various study designs and interpretation of statistical tests.-1
Day 2	Tues	Clinical Posting	Lecture: 7 - SU11.6 Describe Principles of safe General Surgery Elicit, present and document an appropriate history including medication history in a patient undergoing Surgery as it pertains to a preoperative anaesthetic evaluation	SU3.2 SGD: 6, PA22.4 - Observe blood transfusions Enumerate blood components and describe their clinical uses		Lecture -7- Mechanical injuries and wounds: FM 3.4 Define injury, assault & hurt. Describe IPC pertaining to injuries FM 3.3 Define, describe and classify different types of mechanical injuries, abrasion, bruise, laceration, stab wound, incised wound, chop wound, defense wound, self-inflicted/ fabricated wounds and their medico-legal aspects.	Small group-4- (BATCH B)- Medical Jurisprudence (Medical Law and ethics) FM4.25 Clinical research & Ethics Discuss human experimentation including clinical trials FM4.26 Discuss the constitution and functions of ethical committees FM4.27 Describe and discuss Ethical Guidelines for Biomedical Research on Human Subjects & Animals.
Day 3	Wed	Clinical Posting	Lecture. 8.- OG 14.2- Define and describe obstructed labor, its clinical features; prevention; and management	Gynaec drugs		EN 4.12, EN4.12, EN4.15 CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF HEARING LOSS CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF SUDDEN SENSORINEURAL HEARING LOSS CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF NOISE INDUED HEARING LOSS	EN4.3 Choose the correct investigations and describe the principles of management of Otagia EN4.7 Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of ASOM
Day 4	Thurs	Clinical Posting	Lecture- 8, PE 9.1, 9.2,9.3,9.7- Normal nutrition- Concept and RDA and balanced diet, Nutrition need, vitamin/calories, micronutrients, Assessment and classification of nutrient state, Calorific value and common Indian food	P.E. 10.1, 10.2,10.4, 10.6- Protein energy malnutrition- Definition, classification, etiopathogenesis, clinical features, complications of severe acute malnutrition and moderate acute malnutrition. Clinical approach and management of SAM & MAM. Role of locally prepared therapeutic diet & RUTF. Prevention of		Anaesth - SU17.10 OR1.1 Demonstrate Airway maintenance and recognize and management of tension pneumothorax, hemothorax and flail chest in simulated environment Describe and discuss the Principles of Pre hospital care and Casualty management of a trauma victim including principles of triage	Integrated Teaching

**Third Year Part-I (CBME) Time Table for 2019 Batch**

				malnutrition.			
Day 5	Fri	Clinical Posting	Lecture- 7, PE 6.1, 6.2,6.3,6.4, 6.5, 6.6,6.7,6.12, 6.13- Adolescence and Puberty- Definition, SMR staging, physiological and psychological changes, Adolescent nutrition, sexuality, eating disorders, mental health problems, obesity, sexual drug abuse.	P.E. 6.10, 6.11- Adolescence and puberty- Visit to adolescent clinic. Discuss objectives and functions. AFHS & referral criteria		OP2.6 Enumerate the causes and describe the differentiating features and clinical features of proptosis	OP2.7 – 3, OP2.8 - 1 Differentiate the signs of the presentations of various types of ocular tumors List the investigations helpful in diagnosis of orbital tumors.
Day 6	Sat	Clinical Posting	Lecture- 7- PS3.10- Enumerate and describe the pharmacologic basis and side effect of drugs used in psychiatric disorders PS3.11- Enumerate the appropriate conditions for specialist referral inpatients with psychiatric disorders	Anaesth- AS 7.4, AS 7.5 Observe and describe the basic setup process of a ventilator Observe and describe the principles of monitoring in an ICU.		AETCOM	Self Directed Learning

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 9								
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05	
Day 1	Mon	Clinical Posting	Skin Lec 9 -DR10.7 Identify and differentiate based on the clinical features non-syphilitic sexually transmitted diseases (chancroid, donovanosis and LGV) DR10.8 Enumerate the indications and describe the pharmacology, indications and adverse reactions of drugs used in the non-syphilitic sexually transmitted diseases (chancroid, donovanosis and LGV)	Skin DR4.1 Psoriasis – types & diagnosis	L U N C H	Lecture:8- CM 7.9- Epidemiology	CM6.3- Demonstration and exercises on the application of elementary statistical methods including test of significance in various study designs and interpretation of statistical tests.-2	
Day 2	Tues	Clinical Posting	Lecture: 8- SU13.4 - Counsel patients and relatives on organ donation in a simulated Environment Enumerate the indications for hepatic transplantation	SU4.1, SU4.2 SGD: 7 Elicit document and present history in case of Burns and perform physical examination. Describe Pathophysiology of Burns. Describe Clinical features, Diagnose type and extent of burns and plan appropriate treatment.		Lecture – 8- Mechanical injuries and wounds: FM 3.3 Define, describe and classify different types of mechanical injuries, abrasion, bruise, laceration, stab wound, incised wound, chop wound, defense wound, self-inflicted/fabricated wounds.	Small group-4 - (BATCH A)- Medical Jurisprudence (Medical Law and ethics) FM4.25 Clinical research & Ethics Discuss human experimentation including clinical trials FM4.26 Discuss the constitution and functions of ethical committees FM4.27 Describe and discuss Ethical Guidelines for Biomedical Research on Human Subjects &Animals	
Day 3	Wed	Clinical Posting		Obst Instruments		EN4.18 - CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF FACIAL NERVE PALSY	EN4.7 - Elicit document and present a correct history demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of CSOM EN4.12 - Elicit document and present a correct history of Hearing loss	
Day 4	Thurs	Clinical Posting	Lect. 8 -Etiology and distinguishing features of UGI and LGI Bleed	Tutorials 8 X rays – Parenchymal involvement in X-ray chest		Anaesth - SU 11.5 Describe principles of providing post-operative pain relief and management of chronic pain	Integrated Teaching	
Day 5	Fri	Clinical Posting	Lecture- 9- PE 34.1,34.2,34.12, 34.13- Tuberculosis in children- Epidemiology, clinical features, clinical type, Diagnosis, complications, Newer diagnostic tools, BACTEC and CBNAAT	P.E. 11.1, 11.2,11.6- Obesity- Definition, common etiology, clinical features, management of obesity in children, risk approach and criteria for referral, preventive strategies.		OP3.3 – 1 Describe the aetiology , pathophysiology, ocular features of conjunctivitis	OP2.8 - 2 Enumerate the indications of appropriate referral for orbital tumors Conjunctiva OP3.4 - 1 Describe the etiology, pathophysiology ,ocular features of trachoma	
Day 6	Sat	Clinical Posting		<b>HOLIDAY</b>				

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 10							
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05
Day 1	Mon	Clinical Posting	Skin Lec 10 -DR10.9 Describe the syndromic approach to ulcerative sexually transmitted disease	Skin DR4.2 Psoriasis – Treatment & management	L U N C H	Lecture:9-CM18.1- International Health	CM6.4- Demonstration and exercises on Common sampling techniques, simple statistical methods, frequency distribution, measures of central tendency and dispersion -1
Day 2	Tues	Clinical Posting	Lecture: 09 - SU14.2- Describe Surgical approaches, incisions and the use of appropriate instruments in Surgery in general.	SU4.3 SGD: 8 FM2.25 Discuss the Medico legal aspects in burn injuries. Describe types of injuries, clinical features, pathophysiology, postmortem findings and medico-legal aspects in cases of burns, scalds, lightening, electrocution and radiations		Lecture – 09- Mechanical injuries and wounds: FM 3.3 Define, describe and classify different types of mechanical injuries, abrasion, bruise, laceration, stab wound, incised wound, chop wound, defense wound, self-inflicted/fabricated wounds	Small group – 5 - (BATCH B)-Forensic Pathology FM2.31 Demonstrate ability to work in a team for conduction of medico-legal autopsies in cases of death following alleged negligence medical dowry death, death in custody or following violation of human rights as per National Human Rights Commission Guidelines on exhumation
Day 3	Wed	Clinical Posting	Lecture. 9- OG 14.3- Describe and discuss rupture uterus, causes, diagnosis and management	Obst Instruments		EN 4.19, EN 4.13 , EN 4.21, EN 4.14 CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF VERTIGO CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF OTOSCLEROSIS CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF TINNITUS CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF SUDDEN SENSORINEURAL HEARING LOSS	EN4.12 demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of Hearing loss EN4.13 Describe the clinical features, investigations and principle of management of Otosclerosis
Day 4	Thurs	Clinical Posting	Lect. 9 -Physiological effects, Evaluation and steps in stabilizing a patient with acute volume loss due to GI bleed; including blood and component transfusion	Tutorials 9 ECG – Basics of reporting ECG ,with abnormal rate		Anaesth - AS 9.4 Enumerate blood products and describe the use of blood products in the preoperative period	Integrated Teaching
Day 5	Fri	Clinical Posting	Lecture- 10- PE 34.3,34.4- Management of Tuberculosis- Various regimes as per national	P.E. 19.1, 19.2,19.3, 19.4- Vaccines in children- Components of UIP & NIP, epidemiology of vaccine		OP3.3 - 2 Describe the differential diagnosis ,complications and management of various causes of conjunctivitis	OP3.4 – 2, OP3.5 - 1 Differential diagnosis , complication and management of trachoma Describe the etiology, pathophysiology , ocular features of vernal catarrh

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			guidelines, Preventive strategies adopted, Objectives and outcome of NTCP	preventable diseases, classification of vaccines, strains used, dose, route, schedule, risk, benefit & side effects, indications, contraindications ( BCG, OPV, IPV, Hep B, DPT, HiB, MMR, cold chain, storage, & safe handling			
Day 6	Sat	Clinical Posting	Lecture-8 - PS3.12- Describe, discuss and distinguish psychotic & non-psychotic (Mood, Anxiety, Stressrelated) disorders.	Anaesth- AS 4.6, AS 4.7 Observe and describe the principles and the steps/ techniques involved in day care anesthesia Observe and describe the principles and the steps/ techniques involved in anesthesia outside the operating room	AETCOM	Self Directed Learning	

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 11							
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05
Day 1	Mon	Clinical Postings	Skin Lec 11 -DR10.10 Describe the etiology, diagnostic and clinical features and management of gonococcal and non gonococcal urethritis	Skin DR5.1 Leprosy - types & diagnosis	<b>L U N C H</b>	Lecture: 10- CM18.2- International Health	CM6.Demonstration and exercises on Common sampling techniques, simple statistical methods, frequency distribution, measures of central tendency and dispersion-2
Day 2	Tues	Clinical Postings	Lecture: 10 - SU14.3- Describe the materials and methods used for surgical wound closure and anastomosis (sutures, knots and needles)	SU5.2, SU5.3 SGD: 9 Elicit, document and present a history in a patient presenting with wounds. Differentiate the various types of wounds, plan and observe management of wounds.		Lecture – 10- Mechanical injuries and wounds: FM 3.3 Define, describe and classify different types of mechanical injuries, abrasion, bruise, laceration, stab wound, incised wound, chop wound, defense wound, self-inflicted/fabricated wounds.	Small group – 5 - (BATCH A)-Forensic Pathology FM2.31 Demonstrate ability to work in a team for conduction of medico-legal autopsies in cases of death following alleged negligence medical dowry death, death in custody or following violation of human rights as per National Human Rights Commission Guidelines on exhumation
Day 3	Wed	Clinical Postings	Lecture. 10- OG 14.4- Describe and discuss the classification; diagnosis; management of abnormal labor	Gynaec instruments		EN 4.23, EN 4.25, CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF DNS CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF NASL POLYPOSIS	EN 4.14 - Describe the clinical features, investigations and principle of management of Sudden Sensorineural Hearing Loss EN4.18- Describe the clinical features, investigations and principle of management of Facial nerve palsy
Day 4	Thurs	Clinical Postings		<b>HOLIDAY</b>			
Day 5	Fri	Clinical Postings	Lecture- 11- P.E 34.16- Diphtheria, pertussis, tetanus- Etiopathogenesis, clinical features, management, Complication and prevention, DPT vaccine	P.E. 19.5, 19.16- Immunisation in special situation & newer vaccine- Immunisation in HIV positive, immunodeficiency, preterm, organ transplant, patient receiving blood & blood products, splenectomy, adolescent, travellers. Newer vaccines & indication- pentavalent, pneumococcal, rotavirus, J.E, typhoid, IPV, MPV. Combination vaccine, AEFI		OP 4.1, & OP 4.2 – 1 Enumerate, describe and discuss the types of corneal ulceration	OP3.5 – 2, OP3.6 - 1 Differential diagnosis , complication and management of vernal catarrh Describe the etiology, pathophysiology , ocular features of Pterygium

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 6	Sat	<p>Clinical Postings</p>	<p>Lecture-9 - PS4.1- Describe the magnitude and etiology of alcohol and substance use disorders                  DPS4.4- Describe the treatment of alcohol and substance abuse disorders including behavioural and pharmacologic therapy</p>	<p>Radio- A) Define Radiation and the Interaction of radiation and importance of radiation protection                  B) Describe the Evolution of Radiodiagnosis. Identify various radiological equipments In the current era</p>	AETCOM	Self Directed Learning	
-------	-----	--------------------------	---	---	--------	------------------------	--

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 12							
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05
Day 1	Mon	Clinical Posting	Skin Lec 12 -DR11.1 Describe the etiology, pathogenesis and clinical features of the dermatologic manifestations of HIV and its complications including opportunistic infections	Skin DR5.2 Leprosy - Treatment & management	<b>L U N C H</b>	Lecture:11- CM 15.1 - Mental Health	CM9.2- Calculation and interpretation of demographic indices including birth rate, death rate, fertility rates-1
Day 2	Tues	Clinical Posting	Lecture: 11 - SU17.2- Demonstrate the steps in Basic Life Support. Transport of injured patient in a simulated environment	SU5.4 SGD:10- Discuss medico legal aspects of wounds FM3.3, FM3.4 Mechanical injuries and wounds: Define, describe and classify different types of mechanical injuries, abrasion, bruise, laceration, stab wound, incised wound, chop wound, defense wound, self-inflicted/fabricated wounds and their , FM3.6 Medicolegal aspects. Mechanical injuries and wounds: define injury, assault & hurt. Describe IPC pertaining to injuries Mechanical injuries and wounds: Describe healing of injury andfracture of bones with its medico-legal importance.		Lecture – 11- Firearm injuries: FM3.9 Describe different types of firearms including structure and components. Along with description of ammunition propellant charge and mechanism of fire-arms, different types of cartridges and bullets and various terminology in relation of firearm – caliber, range, choking.	Small group -6- (BATCH - B) Medical Jurisprudence (Medical Lawandethics) FM 4.14 Describe & discuss the challenges in managing medico-legal cases including development of skills in relationship management – Human behaviour, communication skills, conflict resolution techniques.
Day 3	Wed	Clinical Posting	Lecture. 11- OG 14.4- Describe and discuss the classification; diagnosis; management of abnormal labor	Gynaec instruments		EN4.27, EN4.28, EN4.29 CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF ALLERGIC RHINITIS CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF VASOMOTOR RHINITIS CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF ACUTE AND CHRONIC RHINITIS	EN 4.15- Describe the clinical features, investigations and principle of management of Noise induced Hearing loss EN 4.19- Describe the clinical features, investigations and principle of management of Vertigo EN4.27- Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of Allergic Rhinitis.

Third Year Part-I (CBME) Time Table for 2019 Batch

Day 4	Thurs	Clinical Posting	Lect. 10 -Investigation (endoscopy, colonoscopy, imaging) and treatment of GI bleed including pharmacotherapy of acid peptic disease (including H.pylori), pressors, endoscopic interventions and surgery and appropriate level of specialist consultation	Tutorials 10 ECG – Rhythm disturbances		Resp. Med.- 1 Elicit, document and present an appropriate medical history that includes risk factor, contacts, symptoms including cough and fever CNS and other manifestations	Integrated Teaching		
Day 5	Fri	Clinical Posting	Lecture- 13- PE 34.20- Rickettsial disease- Etiopathogenesis, clinical features, management, Complication and prevention	P.E. 34.15- Measles, mumps, rubella & chickenpox- Etiopathogenesis, clinical features, complications, management and prevention of measles, mumps, rubella and chicken pox		OP4.1, & OP4.2 – 2 Describe various causes of causes of corneal ulceration	OP3.6 – 2, OP3.7 Differential diagnosis , complication and management of Pterygium Describe the etiology, pathophysiology , ocular features, differential diagnosis , complication and management of symblepharon		
Day 6	Sat	Clinical Posting	Describe the treatment of stress related disorders includingbehaviouraland psychosocial therapy Enumerate and describe the pharmacologic basis and side effects of drugs used in stressrelated disorders Enumerate the appropriate conditions for specialist referral in stressdisorders	Radio- A) Enumerate indications for various common radiological investigations, choose the most appropriate and cost effective method and interpret findings in common conditions pertaining to disorder of ENT B) Enumerate indications for various common radiological investigations, choose the most appropriate and cost effective method and interpret findings in common conditions pertaining to disorders in surgery		AETCOM	Self Directed Learning		

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 13							
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05
Day 1	Mon	Clinical Postin g	Lecture- 13- PE 34.20- Rickettsial disease- Etiopathogenesis, clinical features, management, Complication and prevention	P.E. 34.15- Measles, mumps, rubella & chickenpox- Etiopathogenesis, clinical features, complications, management and prevention of measles, mumps, rubella and chicken pox	L U N C H	Lecture: 12- CM 15.1 - Mental Health	CM9.2- Calculation and interpretation of demographic indices including birth rate, death rate, fertility rates -2 exercise based on vital statistics
Day 2	Tues	Clinical Postin g	Lecture: 12 -SU19.1, 19.2- Describe the etiology and classification of cleft lip and palate. Describe the Principles of reconstruction of cleft lip and palate.	SU6.1 SGD:11 Define and describe the aetiology and pathogenesis of surgical MI7.1 Infections Describe the etio-pathogenesis and discuss the laboratory diagnosis of infections of genitourinary system		Lecture – 12- Firearm injuries: FM3.10 Describe and discuss wound ballistics-different types of firearm injuries, blast injuries and their interpretation, preservation and dispatch of trace evidences in cases of firearm and blast injuries, various tests related to confirmation of use of firearms	Small group -6- (BATCH - A) Medical Jurisprudence (Medical Lawandethics) FM 4.14 Describe & discuss the challenges in managing medico-legal cases including development of skills in relationship management – Human behaviour, communication skills, conflict resolution techniques.
Day 3	Wed	Clinical Postin g	Lecture. 12- OG 16.1- Enumerate and discuss causes, prevention, diagnosis, management, appropriate use of blood and blood products in postpartum haemorrhage	Obst Specimens		EN 4.34, EN 4.35- CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF TUMORS OF MXILLA CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF TUMORS OF NASOPHARYNX	EN4.18- Describe the clinical features, investigations and principle of management of Tinnitus EN4.29 - Elicit, document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of Acute & Chronic Rhinitis
Day 4	Thurs	Clinical Postin g	Lect. 11 -Etiology, Pathophysiology of hyperbilirubinemia and various forms of liver disease including alcoholic liver disease and drug induced liver injury	Seminars 1 Clinical approach to Ascites		Resp. Med.- 2 Demonstrate and perform a systematic examination that establishes the diagnosis based on the clinical presentation that includes a a) general examination, b) examination of the chest and lung including loss of volume, mediastinal shift, percussion and auscultation (including DOAP session of lung sounds and added	Integrated Teaching

Third Year Part-I (CBME) Time Table for 2019 Batch

					sounds) c) examination of the lymphatic system and d) relevant CNS examination	
Day 5	Fri	Clinical Postin g	Lecture- 14- PE 34.19- Parasitic infection- Leishmaniasis, filariasis, helminthic, amoebiasis, giardiasis, Etiopathogenesis, clinical features, management, Complication and prevention	P.E. 15.1, 15.2- Fluid & electrolytes- Composition of body fluids, water balance, osmolality, normal maintainence fluid & electrolyte requirement, potassium & sodium balance & its disorder. Overview of acid base disorder	OP 4.1 & OP 4.2 - 3 Enumerate and discuss the differential diagnosis of infective Keratitis	OP4.3 Enumerate the causes of corneal edema
Day 6	Sat	Clinical Postin g	Lecture-10 - PS4.6- Enumerate and describe the pharmacologic basis and side effects of drugs used in alcohol and substance abuse PS4.7- Enumerate the appropriate conditions for specialist referral inpatients with alcohol and substance abuse disorders.	Radio- A) Define Radiation and the Interaction of radiation and importance of radiation protection B) Describe the Evolution of Radiodiagnosis. Identify various radiological equipments In the current era	AETCOM	Self Directed Learning

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 14							
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05
Day 1	Mon	Clinical Postings	Skin Lec 14 -DR12.7 Identify and distinguish fixed drug eruptions and Steven Johnson syndrome from other skin lesions	Ortho 2 Describe and discuss the aetiopathogenesis, clinical features, investigations, and principles of management of dislocation of major joints, shoulder, knee, hip	<b>L U N C H</b>	Lecture:13- CM 12.1 & CM 12.2- Geriatric services	CM 3.1 / 3.2- Epidemiological exercises based on water and environmental sanitation -1
Day 2	Tues	Clinical Postings		HOLIDAY			
Day 3	Wed	Clinical Postings	Lecture. 13- OG 16.2- Describe and discuss uterine inversion – causes, prevention, diagnosis and management.	Obst Specimens		EN4.33 CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF ACUTE AND CHRONIC SINUSITIS	ENT(P) EN 4.30 - Elicit document and present a correct history demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of epistaxis EN4.33 - Elicit document and present a correct history demonstrate and describe the clinical features of Acute & Chronic Sinusitis
Day 4	Thurs	Clinical Postings	Lect. 12 - Epidemiology, microbiology, immunology, clinical evolution of infective (viral) hepatitis and it' management including vaccination.	Seminars 2 Clinical approach to Anaemia		Resp. Med.- 3 Perform and interpret a PPD (mantoux) and describe and discuss the indications and pitfalls of the test	Integrated Teaching
Day 5	Fri	Clinical Postings	Lecture- 16- Dengue- 34.18- Etiopathogenesis, clinical features, management, Complication and prevention, Overview of Chikungunya	P.E. 29.1- Anemia- Definition, Etiopathogenesis, Classification, Approach		OP4.4 Enumerate the causes and discuss the management of dry eye	OP4.7 Enumerate the indications and describe the methods of tarsorrhaphy

Third Year Part-I (CBME) Time Table for 2019 Batch

Day 6	Sat	Clinical Posting	Enumerate and describe the magnitude and etiology of personality disorders Describe the treatment of personality disorders including behavioural, psychosocial and pharmacologic therapy	Radio- A) Enumerate indications for various common radiological investigations, choose the most appropriate and cost effective method and interpret findings in common conditions pertaining to disorder in internal medicine B) Enumerate indications for various common radiological investigations, choose the most appropriate and cost effective method and interpret findings in common conditions pertaining to disorder in Pediatrics	AETCOM	Self Directed Learning
-------	-----	------------------	--	---	--------	------------------------

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 15							
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05
Day 1	Mon	Clinical Postings	Skin Lec 15 -DR16.1 Identify and distinguish skin lesions of SLE	Ortho 3 Participate as a member in the team for closed reduction of shoulder dislocation / hip dislocation / knee dislocation	<b>L U N C H</b>	Lecture:14- CM 12 .3 & CM 12.4- Geriatric services	CM 3.1 / 3.2- Epidemiological exercises based on water and environmental sanitation -2
Day 2	Tues	Clinical Postings	Lecture: 13 -SU20.1, SU20.2- Describe etiopathogenesis of oral cancer symptoms and signs of oropharyngeal cancer. Enumerate the appropriate investigations and discuss the Principles of treatment and reconstructive flap	SU6.2 SGD:12 - Enumerate Prophylactic and therapeutic antibiotics Plan appropriate management		Lecture – 13- Firearm injuries: FM3.10 Describe and discuss wound ballistics- different types of firearm injuries, blast injuries and their interpretation, preservation and dispatch of trace evidences in cases of firearm and blast injuries, various tests related to confirmation of use of firearms	Small group – 7- (BATCH - B)Medical Jurisprudence (Medical Law and ethics) Describe the principles of handling pressure – definition, types, causes, sources and skills for managing the pressure while dealing with medico-legal cases by the doctor
Day 3	Wed	Clinical Postings	Lecture. 14- OG 17.1- Describe and discuss the physiology of lactation	Gynaec specimens		EN4.30, EN4.31, EN4.32 CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF EPISTAXIS CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF TRAUMA TO FACE AND NECK. CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF NASOPHARYNGEAL ANGIOFIBROMA	ENT(P) EN 4.33 Choose the correct investigations and describe the principles of management of Acute & Chronic Sinusitis EN4.39 - Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations of Acute & Chronic Tonsillitis
Day 4	Thurs	Clinical Postings	Lect. 13 -Outline a diagnostic approach to liver disease based on CBS, hyperbilirubinemia, Ascitic fluid examination, liver function changes and hepatitis serology.	Seminars 3 Clinical approach to lymphadenopathy		Resp. Med.-4 Generate a differential diagnosis based on the clinical history and evolution of the disease that prioritises the most likely diagnosis	Integrated Teaching

Third Year Part-I (CBME) Time Table for 2019 Batch

			Enumerate the indications for ultrasound and other imaging studies including MRCP and ERCP and describe the findings in liver disease.			
Day 5	Fri	Clinical Postings	Lecture- 16- Dengue-PE 34.18- Etiopathogenesis, clinical features, management, Complication and prevention, Overview of Chikungunya	P.E. 29.1- Anemia- Definition, Etiopathogenesis, Classification, Approach		OP4.5 Enumerate the causes of corneal blindness  OP5.1 Define, enumerate and Describe the etiology, associated systemic conditions , ocular features, indications for referral , complication and management of episcleritis
Day 6	Sat	Clinical Postings	Lecture-11 - PS5.1- Classify and describe the magnitude and etiology of schizophrenia & other psychotic disorders.	Radio- A) Enumerate indications for various common radiological investigations, choose the most appropriate and cost effective method and interpret findings in common conditions pertaining to common malignancies.	AETCOM	Self Directed Learning

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 16							
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05
Day 1	Mon	Clinical Posting	Skin Lec 16 -DR16.2 Identify and distinguish Raynaud's phenomenon	Ortho 4 Describe and discuss the mechanism of Injury, clinical features, investigations and plan management of fracture of clavicle	<b>L U N C H</b>	Lecture:15- CM 6.1 - Basic Statistics and its application	CM 5.1/5.8- Epidemiological exercises based on nutrition -1
Day 2	Tues	Clinical Posting	Lecture: 14 -DE 4.1, DE 4.2, DE 4.3, DE 4.4 - Discuss the prevalence of oral cancer and enumerate the common types of cancer that can affect tissues of the oral cavity. Discuss the role of etiological factors in the formation of precancerous /cancerous lesions. Identify potential pre-cancerous /cancerous lesions. Counsel patients to risks of oral cancer with respect to tobacco, smoking, alcohol and other causative factors.	SU7.1, SU7.2 SGD:13 Describe the Planning and conduct of Surgical audit Describe the principles and steps of clinical research in General Surgery		Lecture – 14 - Regional Injuries: FM3.11 Describe and discuss regional injuries to head (Scalp wounds, fracture skull, intracranial haemorrhages, coup and contrecoup injuries), neck, chest, abdomen, limbs, genital organs, spinal cord and skeleton	Small group – 7- (BATCH - A)Medical Jurisprudence (Medical Law and ethics) Describe the principles of handling pressure – definition, types, causes, sources and skills for managing the pressure while dealing with medico-legal cases by the doctor
Day 3	Wed	Clinical Posting	Lecture. 15- OG 19.1- Describe and discuss the physiology of puerperium, its complications, diagnosis and management;	Gynaec specimens		EN 4.36, EN4.37, EN4.41, EN 4.38 CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF DISEASES OF SALIVARY GAND CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF LUDVIG ANGINA CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF ACUTE AND CHRONIC ABSCESSSES IN RELATION TO PHARYNX CLINICAL FEATURES, INVESTIGATIONS AND	EN 4.39 Describe the principles of management of Acute & Chronic Tonsillitis EN4.42 Elicit, document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of hoarseness of voice
Day 4	Thurs	Clinical Posting	Lect. 15 -Cholelithiasis and cholecystitis	Seminars 5 Clinical approach to chest pain		Resp. Med.-5 Order and interpret diagnostic tests based on the clinical	Integrated Teaching

Third Year Part-I (CBME) Time Table for 2019 Batch

						presentation including: CBC, Chest X ray PA view, Mantoux, sputum culture and sensitivity, pleural fluid examination and culture, HIV testing Resp. Med.- 6 Perform and interpret an AFB stain	
Day 5	Fri	Clinical Posting	Lecture- 17- PE 30.13- Acute Flaccid Paralysis and Poliomyelitis- Etiology, evaluation and management, Approach to child with AFP, AFP surveillance	P.E 13.1, 13.2,13.5, 13.6- Iron deficiency anemia- RDA, dietary sources, role of Iron, causes C/F diagnosis & management of Iron deficiency, National Anemia control programme		OP4.6 Enumerate the indications and types of keratoplasty	OP5.2 Define, enumerate and Describe the etiology, associated systemic conditions , ocular features, indications for referral , complication and management of scleritis
Day 6	Sat	Clinical Posting	Lecture-12 - PS5.3- Describe the treatment of schizophrenia including behavioural and pharmacologic therapy.	Onco- (1.) Rt 1.1, Rt 1.2 Rt 1.3 - Describe and discuss definition of radiation, mechanism of action of radiation, types of radiation - Describe and discuss interaction of radiation with matter & Measurement of radiation. - Enumerate, describe and discuss classification and staging of Cancer (AJCC, FIGO etc.) radiation, types of radiation - Describe and discuss interaction of radiation with matter & Measurement of radiation. - Enumerate, describe and discuss classification and staging of Cancer (AJCC, FIGO etc.)	AETCOM		Self Directed Learning

**Third Year Part-I (CBME) Time Table for 2019 Batch**

BLOCK 1 Week 17							
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05
Day 1	Mon	Clinical Postings	<p>1. Skin Lec 17 -DR17.1 Enumerate and identify the cutaneous findings in vitamin A deficiency</p> <p>2. T.B &amp; Chst. Lec 1 - CT1.1 Tuberculosis Describe and discuss the epidemiology of tuberculosis and its impact on the work, life and economy of India</p>	<p>1. Ortho 5 Select, prescribe and communicate appropriate medications for relief of joint pain</p> <p>2. Psych. PS12.2 Enumerate, elicit, describe and document clinical features in patients with magnitude and etiology of psychosomatic disorders. PS12.3 -Enumerate and describe the indications and interpret laboratory and other tests of psychosomatic disorders PS12.5 Demonstrate family education in a patient with psychosomatic disorders in a simulated environment</p>	L U N C H	Lecture:16- CM 6.2- Basic Statistics and its Application	CM 5.1/5.8- Epidemiological exercises based on nutrition-2
Day 2	Tues	Clinical Postings	<p>Lecture: 15 SU21.1 Describe surgical anatomy of the salivary glands, pathology clinical presentation of disorders of salivary glands AN28.9 , AN34.1 , Describe &amp; demonstrate the parts, borders, surfaces, contents, relations and nerve supply of parotid gland with course of its duct and surgical importance. Describe &amp; demonstrate the morphology, relations and nerve supply</p>	<p>SU8.1 ,SU8.2 SGD:14 Describe the principles of Ethics as it pertains to General Surgery Demonstrate Professionalism empathy to the patient undergoing general surgery</p>		Lecture – 15 - Forensic Pathology FM2.24 Thermal deaths: Describe the clinical features, Lecture – 15 post-mortem finding and medicolegal aspects of injuries due to physical agents like heat (heat-hyper-pyrexia, heat stroke, sun stroke, heat exhaustion/prostration, heat cramps [miner’s cramp] or cold (systemic and localized hypothermia, frostbite, trench foot, immersion foot	Small group – 8 - ( BATCH- B ) Medical Jurisprudence (Medical Law and ethics) FM4.29 Demonstrate ability to communicate appropriately with media, public and doctors

Third Year Part-I (CBME) Time Table for 2019 Batch

Day 3	Wed	Clinical Postings	Lecture. 16- OG 19.1- Counselling for contraception, puerperal sterilization	Gynaec specimens	EN4.39 CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF ACUTE AND CHRONIC TONSILLITIS	EN 3.5, EN 4.10 - Observe and describe the indications for and the steps involved in the surgical procedures in ear and nose
Day 4	Thurs	Clinical Postings	Lect. 16 -Definition, classification of Diabetes; Epidemiology, Pathogenesis, Genetics, Risk factors and Clinical evolution of Type-1 & -2 DM	Seminars 6 Clinical approach to headache	Resp. Med.- 7 Assist in the performance, outline the correct tests that require to be performed and interpret the results of a pleural fluid aspiration	Integrated Teaching
Day 5	Fri	Clinical Postings	lecture- 18- PE 33.1- Hypothyroidism- Physiology of thyroid gland, Thyroid function tests, Etiology, clinical feature, evaluation, management of hypothyroidism, Congenital vs Acquired hypothyroidism, Newborn screening	P.E. 29.2, 29.3,29.5- Nutritional Anemia (Megaloblastic) - Etiopathogenesis, Clinical features, Lab investigations, Management, National Anemia Control programme	OP4.9 Describe and discuss the importance and protocols involved in eye donation and eye banking	OP6.3 - 1 Enumerate systemic conditions that can present as iridocyclitis
Day 6	Sat	Clinical Postings	Lecture-13 - PS5.5- Enumerate and describe the pharmacologic basis and side effects of drugs used in schizophrenia. PS5.6- Enumerate the appropriate conditions for specialist referral inpatients with psychotic disorders	Onco- (2.) Rt 2.1, Rt 4.4 - Describe and discuss radiation protection and personnel monitoring During radiation treatment. - Describe and discuss different radioactive isotopes and their use in Cancer patients.	AETCOM	Self Directed Learning

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 1 Week 18							
Date	Day	8-11	11-12	12-1	01-02	02-03	03-05
Day 1	Mon	Clinical Posting	1. Skin Lec 18 -DR17.2 Enumerate and describe the various skin changes in Vitamin B complex deficiency 2. T.B & Chst. Lec 12 - CT1.2 Tuberculosis Describe and discuss the microbiology of tubercle bacillus, mode of transmission, pathogenesis, clinical evolution and natural history of pulmonary and extra pulmonary forms (including lymph node, bone and CNS)	1. Ortho 6 Describe and discuss the mechanism of injury, clinical features, investigations and principles of management of fracture of shaft of humerus and intercondylar fracture humerus with emphasis on neurovascular deficit 2. Psych. PS13.2 Enumerate , elicit , describe and document clinical features in patients with magnitude and etiology of psychosexual and genderidentity disorders. PS13.3 Enumerate and describe the indications and interpret laboratory and other tests used in psychosexual and genderidentity disorders PS13.5 Demonstrate family education in a patient with psychosexual and genderidentity disorders in a simulated environment	L U N C H	Lecture: 17- CM 6.3- Basic Statistics & its Application	CM 8.1- Epidemiological exercises based on communicable diseases ( exercises related to immunization)
Day 2	Tues	Clinical Posting	Lecture: 16 SU21.2 Enumerate the appropriate investigations and describe the Principles of treatment of disorders of salivary glands	SU9.1 SGD:15 Choose appropriate biochemical, microbiological, pathological, imaging investigations and interpret the investigative data in a surgical patient		Lecture – 16- Forensic Pathology FM2.25 Describe types of injuries, clinical features, patho-physiology, post- mortem findings and medico-legal aspects in cases of burns, scalds, lightning, electrocution and radiations.	Small group – 8 - ( BATCH- A ) Medical Jurisprudence (Medical Law and ethics) FM4.29 Demonstrate ability to communicate appropriately with media, public and doctors

**First Internal Assessment Examination June 2022 From 01/06/2022 to  
14/06/2022**

# Block II

(15<sup>th</sup> June to 31<sup>st</sup> December 2022 – 17 Weeks)

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 2 Week 1							
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 3	Wed	Clinical Posting	Lecture. 17- OG 20.1- Enumerate the indications and describe and discuss the legal aspects, indications.	Obstetrics Forceps	L U N C H	EN 4.43, EN 4.44, EN 4.45 CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF ACUTE AND CHRONIC LARYNGITIS CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF BENIGN LESIONS OF VOCAL CORDS CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF VOCAL CORD PALSY	EN 4.11 Observe and describe the indications for and the steps involved in the surgical procedures in throat  EN4.47 - Describe the clinical features, investigations and principles of management of Stridor
Day 4	Thu	Clinical Posting	Lect. 17 - Pathogenesis, C/F, Precipitating factors, Stabilization, Principle of therapy & Management (Investigations & treatment) of diabetic emergencies (Hypoglycemia, DKA, HONKS).	Seminars 7 Clinical approach to bleeding diathesis		Resp. Med.-8 Enumerate the indications for tests including: serology, special cultures and polymerase chain reaction and sensitivity testing  Lecture – 17- Mechanical asphyxia: FM2.20 Define, classify and describe asphyxia and medico-legal interpretation of post-mortem findings in asphyxia deaths Mechanical asphyxia:  FM2.21 Describe and discuss different types of hanging and strangulation including clinical findings, causes of death, post-mortem findings and medico-legal aspects of death due to hanging and strangulation including examination, preservation and dispatch of ligature material.  Resp. Med.-9 Describe the appropriate precautions, screening, testing and indications for chemoprophylaxis for contacts and exposed health care workers  Radio 2- B) Describe the role of Emergency Radiology, Miscellaneous & applied aspects,	Small group – 09- ( BATCH- B ) Medical Jurisprudence (Medical Law and ethics)  FM4.30 Demonstrate ability to conduct research in pursuance to guidelines or research ethics

Third Year Part-I (CBME) Time Table for 2019 Batch

					interaction with clinical departments	
Day 5	Fri	Clinical Posting	Lecture- 19- PE 33.4 -Diabetes mellitus in children and Diabetic Ketoacidosis- Etiopathogenesis, diagnostic criteria, classification, clinical feature, management and complications	P.E. 12.1, 12.2,12.4,12.5, 12.11,12.12, 12.13,12.14- Vitamin A Vitamin E, Vitamin K- RDA, dietary sources,role in health & disease , causes` C/F diagnosis & management of deficiency, prevention of deficiency of vitamins A E & K Vitamin A prophylaxis programme.	OP6.1 - 1- Describe clinical signs of intraocular inflammation and enumerate the features that distinguish granulomatous from non granulomatous inflammation.	OP6.3 – 2- OP6.4 - 1 Describe the ocular manifestations of systemic conditions that can present as iridocyclitis. Describe hyphema and hypopyon
Day 6	Sat	Clinical Posting	Lecture-14 - PS6.1- Classify and describe the magnitude and etiology of depression.  PS6.4- Describe the treatment of depression including behavioural and pharmacologic therapy	Onco- (3.)Rt 3.1, Rt 3.2, Rt 4.5 - Describe and discuss cell cycle and cell survival curve, principles Of Radiobiology. Describe and discuss synergism of radiation and chemotherapy.  - Describe and discuss role of radiation in management of  Common malignancies in India (region specific).	AETCOM	Self Directed Learning

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 2 Week 2							
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 1	Mon	Clinical Posting	Skin Lec 19 - DR17.3 Enumerate and describe the various changes in Vitamin C deficiency	Ortho 7 Describe and discuss the aetiopathogenesis, clinical features, mechanism of injury, investigation & principles of management of fractures of both bones forearm and Galeazzi and Monteggia injury	L U N C H	Lecture:18- CM 6.3- Basic Statistics and its Application	CM 8.2- Epidemiological exercises based on Non communicable diseases
Day 2	Tues	Clinical Posting				Lecture – 18- Mechanical asphyxia:  FM2.21 Describe and discuss different types of hanging and strangulation including clinical findings, causes of death, post-mortem findings and medico-legal aspects of death due to hanging and strangulation including examination, preservation and dispatch of ligature material  Small group- 35 -Forensic Psychiatry  FM5.5 Describe & discuss Delirium tremens  FM5.6 Describe the Indian Mental Health Act, 1987 with special reference to admission, care and discharge of a mentally ill person	Small group – 09- ( BATCH- A ) Medical Jurisprudence (Medical Law and ethics)  FM4.30 Demonstrate ability to conduct research in pursuance to guidelines or research ethics  Small group 34- (BATCH B)- SEXUAL OFFENCES  FM3.33 Should be able to demonstrate the professionalism while dealing with victims of torture and human right violations, sexual assaults- psychological consultation, rehabilitation
Day 3	Wed	Clinical Posting	Lecture. 18- OG 20.1- Methods for first and second trimester MTP; complications and management of	Ventouse		EN4.46EN4.47 - CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF MALIGNANCY OF LARYNX AND HYPOPHARYNX	EN4.49 - Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of foreign bodies in the air &

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			complications of Medical Termination of Pregnancy		CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF STRIDOR	food passages EN4.53 - Describe the clinical features, investigations of HIV manifestations of the ENT.
Day 4	Thu	Clinical Posting	Lect. 18 - Pharmacological therapies for DM, indications, CI, ADR and Interaction- Based on presentation, severity, complication in a cost effective therapy	Seminars 8 Clinical approach to Comatose patient	Resp. Med.-10 Educate health care workers on National Program of Tuberculosis and administering and monitoring the DOTS program  Radio 3- C) Describe preparation of patient for common imaging procedures	Integrated Teaching
Day 5	Fri	Clinical Posting	Lecture- 20- PE 33.8- Disorders of Puberty- Precocious and delayed puberty, Definition, etiology, clinical feature, evaluation and management	P.E. 12.15, 12.16, 12.18, 12.19, 12.20, 13.7, 13.8, 13.10- Vitamin B, Vitamin C & Iodine deficiency disorder- RDA, dietary sources, role in health & disease , causes` C/F diagnosis & management of deficiency, prevention of deficiency vitamins B, C & Iodine, national goitre control programme.	OP6.2 - 2 Identify and distinguish acute iridocyclitis from chronic iridocyclitis	OP6.4 - 2 Distinguish hyphema and hypopyon
Day 6	Sat	Clinical Posting	Lecture-15- PS6.6- Enumerate and describe the pharmacologic basis and side effects of drugs used in depression. PS6.7 Enumerate the appropriate conditions for specialist referral inpatients with depression	Onco- (4.) Rt 4.1, Rt 4.2, Rt 4.3 - Describe and discuss teletherapy machine (Co60/LINAC)  - Enumerate, describe and discuss types of treatment plan, basic workflow of 2D/3DCRT/IMRT/IGRT  - Describe and discuss Brachytherapy machine (remote after loading)	AETCOM	Self Directed Learning

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 2 Week 3							
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 1	Mon	Clinical Posting	Skin Lec 20 - DR17.4 Enumerate and describe the various changes in Zinc deficiency	Ortho 8 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and principles of management of fractures of distal radius	<b>L U N C H</b>	Lecture: 19- CM 6.4-Basic Statistica and its Application	CM 7.1- Epidemiological exercises based on disinfection and sterilization
Day 2	Tues	Clinical Posting	Lecture: 17 SU22.1, 22.2 Describe the applied anatomy and physiology of thyroid. Describe the etiopathogenesis of thyroidal swellings	SU9.2 SGD 16Biological basis for early detection of cancer and multidisciplinary approach in management of cancer		Lecture – 19- Mechanical asphyxia:FM 2.22Describe and discuss patho-physiology, clinical features, post- mortem findings and medico-legal aspects of traumatic asphyxia, obstruction of nose & mouth, suffocation and sexual asphyxia  Small group- 36 -Forensic Laboratory investigation in medical legal practice  FM 6.1 Describe different types of specimen and tissues to be collected both in the living and dead: Body fluids (blood, urine, semen, faeces saliva), Skin, Nails, tooth pulp, vaginal smear, viscera, skull, specimen for histo-pathological examination, blood grouping, HLA Typing and DNA Fingerprinting.	Small group – 10- (BATCH B)- Mechanical injuries and wounds:FM3.5 Describe accidental, suicidal and homicidal injuries. Describe simple, grievous and dangerous injuries. Describe ante-mortem and post-mortem injuries  Small group 37- (BATCH A)-Forensic Laboratory investigation in medical legal practice  FM 6.1 Describe different types of specimen and tissues to be collected both in the living and dead: Body fluids (blood, urine, semen, faeces saliva), Skin, Nails, tooth pulp, vaginal smear, viscera, skull, specimen for histo-pathological examination, blood grouping, HLA Typing and DNA Fingerprinting.
Day 3	Wed	Clinical Posting				EN 4.52  CLINICAL FEATURES, INVESTIGATIONS AND	EN4.53  Principles of management of HIV manifestations of the ENT CM3.1 Describe the health hazards of air, water, noise,

Third Year Part-I (CBME) Time Table for 2019 Batch

					MANAGEMENT OF DISEASE OF OESOPHAGUS	radiation and pollution
Day 4	Thu	Clinical Posting	Lect. 19 - Pathogenesis, temporal evolution of microvascular and macrovascular complications of diabetes (Neuropathy, Nephropathy, Retinopathy, HTN,	Seminars 9 Portal hypertension and its complications	Radio 5- E) Describe the components of the PC & PNDT Act and its medico legal implications	Integrated Teaching
Day 5	Fri	Clinical Posting	Lecture- 21-P.E. 12.6, 12.7,- Vitamin D, Calcium, Magnesium deficiency- RDA, dietary sources,role in health & disease , causes` C/F diagnosis & management of deficiency, prevention of deficiency of Vitamin D Calcium Magnesium	P.E. 20.1, 20.2,20.6- Care of Normal newborn- Define neonatal nomenclatures, classification, Highrisk vs normal neonates, care of normal newborn.	OP6.7 – 1 Enumerate and discuss the aetiology of shallow anterior chamber	OP6.5 - 1 Describe and discuss the angle of the anterior chamber
Day 6	Sat	Clinical Posting	Lecture-16- PS7.1- Classify and describe the magnitude and etiology of bipolar disorders PS7.4- Describe	Onco- (5.) Rt 4.6, Rt 4.7, Rt 4.8Rt 5.1 - Describe and discuss radiotherapy for benign disease  - Counsel patients regarding acute and late effects of radiation and	AETCOM	Self Directed Learning

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			the treatment of bipolar disorders including behavioural and pharmacologic therapy.	Supportive care. - Describe ontological emergencies and palliative care.  - Describe and discuss cancer prevention, screening, vaccination,  Cancer registry.			
--	--	--	---	--	--	--	--

Third Year Part-I (CBME) Time Table for 2019 Batch

BLOCK 2 Week 4								
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5	
Day 1	Mon	Clinical Posting	1.Skin Lec 21 - DR18.1 Enumerate the cutaneous features of Type 2 diabetes DR18.2 Enumerate the cutaneous features of hypo- & hyperthyroidism	1.Ortho 9 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and principles of management of spine injuries with emphasis on mobilisation of the patient		Lecture: 39- CM 9.3 & 9.4- Demography & vital Statistics	Community Medicine (P)	
Day 2	Tues	Clinical Posting	Lecture: 18 SU22.4 Describe the clinical features, classification and principles of management of thyroid cancer	SU10.1 SGD:17 Describe the principles of perioperative management of common surgical procedures	L U N C H	Lecture – 20 - Mechanical asphyxia:  FM2.23 Describe and discuss types, patho-physiology, clinical features, post mortem findings and medico-legal aspects of drowning, diatom test and, gettler test.  Small group- 38 -Forensic Laboratory investigation in medical legal practice  FM6.2Describe the methods of sample collection, preservation, labelling, dispatch, and interpretation of reports	Small group 37- (BATCH B)-Forensic Laboratory investigation in medical legal practice  FM 6.1 Describe different types of specimen and tissues to be collected both in the living and dead: Body fluids (blood, urine, semen, faeces saliva), Skin, Nails, tooth pulp, vaginal smear, viscera, skull, specimen for histo-pathological examination, blood grouping, HLA Typing and DNAFingerprinting.	
Day 3	Wed	Clinical Posting					ENT(P)	
Day 4	Thu	Clinical Posting	Lect. 20 - Pharmacology, indications, ADR and interactions of drugs used in treatment and	Seminars 10 Pulmonary arterial hypertension			Radio 4- D) Describe the effects of radiation in pregnancy and the methods of prevention/ minimization of radiation exposure	Integrated Teaching

Third Year Part-I (CBME) Time Table for 2019 Batch

			prevention of target organ damage and chronic complications of diabetes			
Day 5	Fri	Clinical Posting	Lecture- 22- P.E. 7.1, 7.2,7.4, 7.6- Breastfeeding- Cultural beliefs nad practices of breastfeeding, physiology of lactation, technique and problems of breastfeeding, advantages of breastfeeding, baby friendly hospital initiatives, composition & types of breast milk, cow milk vs human milk, expressed breast milk feeding	P.E. 20.12- Temperature regulation & neonatal hypothermia- Temperature regulation in neonates, disorders of temperature regulation, definition, clinical features, management & prevention of neonatal hypothermia		OP6.7- 2 Clinical distinguishing features of shallow anterior chamber  OP6.5 – 2, OP6.8 - 1 Clinical correlations of the angle of the anterior chamber  Enumerate the appropriate investigations for patients with conditions affecting the uvea
Day 6	Sat	Clinical Posting	Lecture-17- PS7.6- Enumerate and describe the pharmacologic basis and side effects of drugs used in bipolar disorders.		AETCOM	Self Directed Learning

BLOCK 2 Week 5

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
-----	-----	------	-------	------	-----	-----	-----

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 1	Mon	Clinical Posting	Skin Lec 22 - DR15.3 Enumerate the indications and describe the pharmacology, indications and adverse reactions of topical and systemic drugs used in treatment of pyoderma	1.Ortho 10 Describe and discuss the mechanism of injury, Clinical features, investigations and principle of management of acetabular fracture	<b>L U N C H</b>	Lecture: 40- CM 9.5 to 9.7- Demography & Vital Statistics	CM 7.5- Epidemiological exercises based on case control and cohort study
Day 2	Tues	Clinical Posting	Lecture: 19 SU22.5 Describe the applied anatomy of parathyroid. Describe and discuss the clinical features of hypo - and hyperparathyroidism and the principles of their management	SU12.1 SGD:18 - Enumerate the causes and consequences of malnutrition in the surgical patient  SU12.2 Describe and discuss the method so estimation and replacement of the fluid and electrolyte requirements in the surgical patient  SU12.3 Discuss the nutritional requirements of surgical patients, theme thods of providing nutritional support and their complications		Small group- 39 -Forensic Laboratory investigation in medical legal practice  FM6.3 Demonstrate professionalism while sending the biological or trace evidences to Forensic Science laboratory, specifying the required tests to be carried out, objectives of preservation of evidences sent for examination, personal discussions on interpretation of findings	Small group -11- ( BATCH B) Mechanical injuries and wounds:  FM3.6 Describe healing of injury and fracture of bones with its medico-legal importance  Small group 40- (BATCH A) Emerging technologies in Forensic Medicine  FM7.1 Enumerate the indications and describe the principles and appropriate use for:  - DNA profiling (Facial reconstruction), Polygraph (Lie Detector), Narcoanalysis, Brain Mapping, Digital autopsy, Virtual Autopsy, Imaging technologies.
Day 3	Wed	Clinical Posting		Caesarean section		EN 4.53, EN 3.6- CLINICAL FEATURES, INVESTIGATIONS AND MANAGEMENT OF HIV MANIFESTATIONS OF THE ENT  INDICATIONS AND STEPS INVOLVED IN THE SKILLS OF EMERGENCY PROCEDURES IN ENT	ENT(P)
Day 4	Thu	Clinical Posting	Lect. 21 - Pathophysiology and genetic basis of	Seminars 11 Pulmonary function tests		Resp. Med.-13 Perform a systematic examination that establishes the diagnosis and	Integrated Teaching

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			autoimmune disease and determine the need for specialist consultaion			severity that includes measurement of respiratory rate, level of respiratory distress, effort tolerance, breath sounds, added sounds, identification of signs of consolidation pleural effusion and pneumothorax	
Day 5	Fri	Clinical Posting	Lecture- 23- P.E. 8.1, 8.2,8.3- complementary feeding & Infant & young child feeding- Definition of complementary feeding, principles, initiation, attributes, frequency, techniques and hygiene related to complementary feeding,IYCF, commoncomplemen tary foods enumeration	P.E. 31.1, 31.3,31.12- Allergy in children- Allergic rhinitis, atopic dermatitis, bronchial asthma, urticaria, angioedema: the etiology, clinical features, management, complications and prevention of each			OP6.8 - 2 Investigation of choice for patients with conditions affecting the uvea
Day 6	Sat	Clinical Posting	Lecture-18- PS7.7- Enumerate the appropriate conditions for specialist referral inpatients with bipolar disorders.			AETCOM	Self Directed Learning

**BLOCK 2 Week 6**

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 1	Mon	Clinical Posting	Skin Lec 23 -DR15.4 Enumerate the indications for surgical referral DR10.11 Describe the etiology, diagnosis and clinical features and management of vaginal discharge	Ortho 11 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and principles of management of fractures of proximal femur	<b>L U N C H</b>	Lecture: 21- CM16.1 & CM 16.2- Health Planning & Management	CM 7.6- Epidemiological exercises based on screening test
Day 2	Tues	Clinical Posting	Lecture: 20 SU23.1, 23.2, 23.3- Describe the applied anatomy of adrenal glands. Describe the etiology, clinical features and principles of management of disorders of adrenal gland. Describe the clinical features, principles of investigation and management of Adrenal tumours	SU13.3 SGD: 19  Discuss the legal and ethical issue concerning organ Donation		lecture 22- SEXUAL OFFENCES  FM3.19 Discuss the medicolegal aspects of pregnancy and delivery, signs of pregnancy, precipitate labour super foetation, super fecundation and signs of recent and remote delivery in living and dead  Small group 40- Emerging technologies in Forensic Medicine  FM7.1 Enumerate the indications and describe the principles and appropriate use for:  - DNA profiling(Facial reconstruction), Polygraph Lie Detector), Narcoanalysis, Brain Mapping, Digital autopsy, Virtual Autopsy, Imaging technologies.	Small group -11- ( BATCH A) Mechanical injuries and wounds:  FM3.6 Describe healing of injury and fracture of bones with its medico-legal importance  Small group 40- ( BATCH B) Emerging technologies in Forensic Medicine  FM7.1 Enumerate the indications and describe the principles and appropriate use for:  - DNA profiling(Facial reconstruction), Polygraph Lie Detector), Narcoanalysis, Brain Mapping, Digital autopsy, Virtual Autopsy, Imaging technologies.
Day	Wed	Clinical Posting		Episiotomy and perineal tear			

**Third Year Part-I (CBME) Time Table for 2019 Batch**

3						
Day 4	Thu	Clinical Posting	Lect. 22 -Pathophysiology, classification, presenting features, approach, and etiology of joint pain; differentiate arthritis from arthralgia	Seminars 12 Thyroid function tests	Resp. Med.-14 Generate a differential diagnosis and prioritise based on clinical features that suggest a specific aetiology  Onco 1- Teletherapy machine (LINAC).  Brach therapy machine (remote after loading).	Integrated Teaching
Day 5	Fri	Clinical Posting	Lecture- 24- P.E. 28.1, 28.2, 28.3, 28.4, 28.5, 28.6, 28.7, 28.8- Respiratory tract infection GEM-1- Nasopharyngitis /Pharyngo Tonsillitis/Acute Otitis Media (AOM), Stridor, epiglottitis, acute laryngotracheobronchitis, foreign body aspiration - Etiopathogenesis, clinical features, management and complications of each condition	P.E. 28.18- Respiratory tract infection GEM- II- Bronchiolitis & wheeze associated LRTI, empyema, lung abscess- etiopathogenesis, clinical features, diagnosis, management, prevention	OP6.7 - 4 Choose appropriate investigations for patients with above conditions of anterior chamber	OP6.9 Choose the correct local and systemic therapy for conditions of anterior chamber and enumerate their indications, adverse events and interactions
Day 6	Sat	Clinical Posting	Lecture-19- PS8.4- Enumerate and describe the magnitude and etiology of anxiety disorders.		AETCOM	Self Directed Learning

**BLOCK 2 Week 7**

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
-----	-----	------	-------	------	-----	-----	-----

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 1	Mon	Clinical Posting	.Ortho Lecture 1 Describe and discuss the Principles of pre-hospital care and Casualty management of a trauma victim including principles of triage.	Ortho 12 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and principles of management of (a) Fracture patella (b) Fracture distal femur (c) Fracture proximal tibia with special focus on neurovascular injury and compartment syndrome	<b>L U N C H</b>	Lecture: 22- CM 16.3 & CM 16.4- Health Planning & Management	CM 1.1 to 1.7- Tutorial - Concept of health & disease
Day 2	Tues	Clinical Posting	Lecture: 22 SU25.1 Describe applied anatomy and appropriate investigations for breast disease	SU14.2 SGD: 20 Describe Surgical approaches, incisions and the use of appropriate Instruments in Surgery in general.		lecture 23- FM 3.27 Define, classify and discuss abortion, methods of procuring MTP and criminal abortion and complication of abortion. MTP Act1971 FM 3.28 Describe evidences of abortion - living and dead, duties of doctor in cases of abortion, investigations of death due to criminal abortion	Small group 12-- (BATCH B)- Mechanical injuries and wounds: FM3.7 Describe factors influencing infliction of injuries and healing, examination and certification of wounds and wound as a cause of death: Primary and Secondary
Day 3	Wed	Clinical Posting		Hysterectomy		Revision	ENT(P)
Day 4	Thu	Clinical Posting	Lect. 23 -Describe appropriate diagnostic workup and treatment plan for rheumatological diseases. Enumerate Systemic manifestations of rheumatological diseases,	Seminars 13 Grave's disease		Resp. Med.-12 Elicit document and present a medical history that will differentiate the aetiologies of obstructive airway disease, severity and precipitants	Integrated Teaching
Day 5	Fri	Clinical Posting	Lecture- 25- P.E. 32.1, 32.3, 32.4, 32.5, 32.6, 32.8, 32.9, 32.10, 32.11, 32.13 - chromosomal abnormalities- down syndrome, turner syndrome, klinefelter syndrome	P.E. 27.8, 14.1,14.2, 14.3, 14.4- Poisoning- Clinical approach to child with suspected poisoning, common poisonings- hydrocarbon/OP/ PCM/Lead/Envenomation, etiopathogenesis, clinical features, lab investigations, management		OP7.2 Describe and discuss the aetiopathogenesis, stages of maturation and complications of cataract	OP7.1 Describe the surgical anatomy and the metabolism of lens
Day 6	Sat	Clinical Posting	Lecture-20- PS8.6- Enumerate and describe the pharmacologic basis and side effects of drugs used in anxiety disorders. PS8.7- Enumerate the appropriate conditions for specialist referral in anxiety disorders.			AETCOM	Self Directed Learning

**BLOCK 2 Week 8**

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
-----	-----	------	-------	------	-----	-----	-----

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 1	Mon	Clinical Posting	.Ortho Lecture 2 Describe and discuss the aetiopathogenesis, clinical features, investigations, and principles of management of shock  T.B & Chst. Lec 8 - CT1.17 Tuberculosis Define criteria for the cure of Tuberculosis; describe and recognise the features of drug resistant tuberculosis, prevention and therapeutic regimens	Ortho 13 Describe and discuss the aetiopathogenesis, clinical features, investigations and principles of management of Fracture shaft of femur in all age groups and the recognition and management of fat embolism as a complication	<b>L U N C H</b>	Lecture:20- CM 6.4- Basic Statistics and its Application	CM 3.1 to 3.8- Tutorial- Environment & Health
Day 2	Tues	Clinical Posting	Lecture: 23 SU25.2 Describe the etiopathogenesis, clinical features and principles of management of benign breast disease including infections of the breast	SU14.3 SGD: 21  Describe the materials and methods used for surgical Wound  Closure and anastomosis (sutures,knotsandneedles)		Lecture-21- SEXUAL OFFENCES-  FM3.18 Describe anatomy of male and female genitalia, hymen and its types. Discuss the medico-legal importance of hymen. Define virginity, defloration, legitimacy and its medicolegal importance  FM3.13 Describe different types of sexual offences. Describe various sections of IPC regarding rape including definition of rape (Section 375 IPC), Punishment for Rape (Section 376 IPC) and recent amendments notified till date.	Small group 12-- (BATCH A)- Mechanical injuries and wounds:  FM3.7 Describe factors influencing infliction of injuries and healing, examination and certification of wounds and wound as a cause of death: Primary and Secondary
Day 3	Wed	Clinical Posting		Obstetric Ultrasonography		Revision	ENT(P)
Day 4	Thu	Clinical Posting	Lect. 24 -Articular from periarticular symptoms; Signs and symptoms of	Seminars 14 Micro-vascular complications of DM		Resp. Med.-16 Perform and interpret peak expiratory flow rate	Integrated Teaching

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			articular and periarticular diseases, Indications for Arthrocentesis			Onco 2- Radiotherapy planning and treatment Planning system (TPS).	
Day 5	Fri	Clinical Posting				OP6.7 – 3 Clinical distinguishing features of deep anterior chamber	OP8.2 - 1 Enumerate the indications for laser therapy in the treatment of retinal diseases ( retinal detachment, retinal degeneration )
Day 6	Sat	Clinical Posting	Lecture-21- PS9.1- Enumerate and describe the magnitude and etiology of stressrelated disorders			AETCOM	Self Directed Learning

**BLOCK 2 Week 9**

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day	Mon	Clinical	Ortho Lecture 4 Describe	Ortho 15 Describe and		Lecture: 24- CM 10.3 - Reproductive	CM 17.1/17.3- Tutorial Health care of the community/

**Third Year Part-I (CBME) Time Table for 2019 Batch**

1		Posting	and discuss the aetiopathogenesis, clinical features, investigations, and principles of management of dislocation of major joints, shoulder dis location	discuss the aetiopathogenesis, clinical features, Investigation and principles of management of ankle fractures	<b>L U N C H</b>	Maternal & Child Health	primary health care		
Day 2	Tues	Clinical Posting	Lecture: 24 SU 25.3  Describe the etiopathogenesis, clinical features, Investigations and principles of treatment of benign and malignant tumours of breast.	SU15.1 SGD 22  MI8.7 Describe classification of hospital waste and appropriate methods of disposal  Demonstrate Infection control practices and use of Personal Protective Equipments (PPE)		lecture 25- Forensic Psychiatry  FM 5.3 Describe Civil and criminal responsibilities of a mentally ill person  FM 5.4 Differentiate between true insanity from feigned insanity	Small group 13- (BATCH B)- Mechanical injuries and wounds:  FM3.8 Describe and discuss different types of weapons including dangerous weapons and their examination		
Day 3	Wed	Clinical Posting		Partograph and its interpretation		Revision	ENT(P)		
Day 4	Thu	Clinical Posting	Lect. 25 -Principles of Thyroid function tests, Principles of RAI uptake, alteration of physiological function along with physiology of HPT axis	Seminars 15 Macro-vascular complications of DM		Resp. Med.-17 Describe the appropriate diagnostic work up based on the presumed aetiology  Onco 3- Head & Neck Cancer Case discussion & Radiation reaction.	Integrated Teaching		
Day 5	Fri	Clinical Posting				OP8.1 Discuss the aetiology , pathology , clinical features and management of vascular occlusion of the retina	OP8.2 - 2 Enumerate the indications for laser therapy in the treatment of retinal diseases ( diabetic retinopathy and hypertensive retinopathy)		
Day 6	Sat	Clinical Posting	Lecture- 22- PS9.4- Describe the treatment of stress related disorders including behavioural and psychosocial therapy			AETCOM	Self Directed Learning		

**BLOCK 2 Week 10**

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 1	Mon	Clinical Posting		HOLIDAY			
Day 2	Tues	Clinical Posting	Lecture: 25 SU 27.1 Describe the etiopathogenesis, clinical features, investigations and principles of treatment of occlusive arterial disease	SU17.3 SGD:23 Describe the Principles in management of mass casualties	<b>L U N C H</b>	Small group 14- Regional Injuries  FM3.12 Describe and discuss injuries related to fall from height and vehicular injuries – Primary and Secondary impact, Secondary injuries, crush syndrome, railway spine	Small group 13- (BATCH A)- Mechanical injuries and wounds:  FM3.8 Describe and discuss different types of weapons including dangerous weapons and their examination
Day 3	Wed	Clinical Posting		NST and CTG		Revision	ENT(P)
Day 4	Thu	Clinical Posting	Lect. 26 - Epidemiology, pathogenesis, genetic basis of Hypothyroidism, interpretation of TFT, Pharmacotherapy, indication, ADR of Thyroxine. Iodization programmes of Govt of India	Seminars 16 Insulin and analogues		Resp. Med.-18 Enumerate the indications for and interpret the results of : pulse oximetry, ABG, Chest Radiograph  Onco 4- Breast Cancer case discussion.  Onco 5- Cervix Cancer case discussion.	Integrated Teaching
Day 5	Fri	Clinical Posting				OP8.3 Demonstrate the correct technique of a fundus examination and describe and distinguish the fundus copic features in normal condition and in conditions causing abnormal retinal exam	OP8.8 - 1 Enumerate and discuss the anatomy and aetiology of diseases of retina
Day 6	Sat	Clinical Posting	Lecture- 23- PS9.6-			AETCOM	Self Directed

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			Enumerate and describe the pharmacologic basis and side effects of drugs used in stress related disorders PS9.7- Enumerate the appropriate conditions for specialist referral in stress disorders				Learning	
--	--	--	--	--	--	--	----------	--

<b>BLOCK 2 Week 11</b>							
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 1	Mon	Clinical Posting	Ortho Lecture 5 Describe and discuss the aetiopathogenesis, clinical features, investigations, and principles of management of dislocation of knee, hip	Ortho 16 investigations to diagnose complications of fractures like malunion, non-union, infection, compartmental syndrome.	<b>L U N C H</b>	Lecture:25- CM 10.4- Reproductive Maternal & Child Health	CM 16.1 to 16.4- Tutorial Health planning and management	
Day 2	Tues	Clinical Posting		SGD 24, SU18.1, SU18.2 - Describe the pathogenesis, clinical features and management of Various cutaneous and subcutaneous infections. Classify skin tumors  SU18.3 Differentiate different skin tumors and discuss their management.  Describe and demonstrate the clinical examination of surgical patient including swelling and order relevant investigation for  Diagnosis. Describe and discuss appropriate treatment plan.		Small group 15- Skills in Forensic Medicine and Toxicology  FM14.1 Examine and prepare Medico-legal report of an injured person with different etiologies in a simulated/ supervised environment	Small group 13- ( BATCH B) Mechanical injuries and wounds:  FM3.8 Describe and discuss different types of weapons including dangerous weapons and their examination	
Day 3	Wed	Clinical Posting		Postpartum IUCD				
Day 4	Thu	Clinical Posting	Lect. 27 - Epidemiology, pathogenesis, genetic basis of Hyperthyroidism; interpretation of TFT,	Integration- Clinical Pharmacology 1 Clinical pharmacokinetics		Resp. Med.-19 Generate a differential diagnosis and prioritise based on clinical features that suggest a specific aetiology	Integrated Teaching	

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			Pharmacotherapy, indication, ADR of Anti-thyroid drugs				
Day 5	Fri	Clinical Posting		<b>HOLIDAY</b>			
Day 6	Sat	Clinical Posting	Lecture- 24- PS10.1- Enumerate and describe the magnitude and etiology of somatoform, dissociative and conversion disorders.  PS10.4- Describe the treatment of somatoform disorders including behavioural, psychosocial and pharmacologic therapy.		AETCOM	Self Directed Learning	

**BLOCK 2 Week 12**

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
-----	-----	------	-------	------	-----	-----	-----

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 1	Mon	Clinical Posting	Ortho Lecture 6 Describe and discuss the mechanism of Injury, clinical features, investigations and plan management of fracture of clavicle	Ortho 17 Plan and interpret the investigations to diagnose complications of fractures like malunion, non-union, infection, compartmental syndrome.	<b>L U N C H</b>	Lecture: 26- CM 10.5 to CM 10.6- Reproductive Maternal & Child Health	CM 10.6 / 10.7- Tutorial Demography & FP
Day 2	Tues	Clinical Posting		SU19.1, 19.2 SGD:25  Describe the etiology and classification of cleft lip and palate. Describe the Principles of reconstruction of cleft lip and palate		Small group 16- Skills in Forensic Medicine and Toxicology  FM14.10 Demonstrate ability to identify & prepare medicolegal inference from specimens obtained from various types of injuries e.g. contusion, abrasion, laceration, firearm wounds, burns, head injury and fracture of bone	Small group 17- (BATCH A)- Skills in Forensic Medicine and Toxicology  FM14.11 To identify & describe weapons of medicolegal importance which are commonly used e.g. lathi, knife, kripaan, axe, gandasa, gupti, farsha, dagger, bhalla, razor & stick.  Able to prepare report of the weapons brought by police and to give opinion regarding injuries present on the person as described in injury report/ PM report so as to connect weapon with the injuries. (Prepare injury report/ PM report must be provided to connect the weapon with the injuries)
Day 3	Wed	Clinical Posting		Male contraception			
Day 4	Thu	Clinical Posting	Lect. 28 - Epidemiology, Genetic Basis, Risk factors for common malignancies in India; Infections causing cancer	Integration- Clinical Pharmacology 2 Drug- Drug interaction		Resp. Med.-20 Develop a therapeutic plan including use of bronchodilators and inhaled corticosteroids	Integrated Teaching
Day 5	Fri	Clinical Posting				OP8.5 – 1 Describe and discuss the anatomy of optic nerve and visual pathway.	OP8.8 – 2 Enumerate and discuss the clinical features and investigations of diseases of retina
Day 6	Sat	Clinical Posting	Lecture- 25- PS10.6- Enumerate and describe the pharmacologic basis and side effects of drugs used in somatoform,			AETCOM	Self Directed Learning

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			<p>dissociative and conversion disorders.</p> <p>PS10.7- Enumerate the appropriate conditions for specialist referral in patients with somatoform dissociative and conversion disorders.</p>				
--	--	--	--	--	--	--	--

BLOCK 2 Week 13							
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 1	Mon	Clinical Posting	Ortho Lecture 7 Describe and discuss the mechanism	Ortho 18 Describe and discuss the mechanism of		Lecture:27- CM 10.7 - Reproductive	CM 5.1 to 5.8- Tutorial Nutrition

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			of injury, clinical features, investigations and plan management of fractures of proximal humerus	injury, clinical features, investigations and principles of management of open fractures with focus on secondary infection prevention and management	<b>L U N C H</b>	Maternal & Child Health	
Day 2	Tues	Clinical Posting		SGD 26 SU20.1 SU20.2 Describe aetiopathogenesis of oral cancer symptoms and signs of or pharyngeal cancer Enumerate the appropriate investigations and discuss the Principles of treatment		Small group 18- Skills in Forensic Medicine and Toxicology  FM14.12 Describe the contents and structure of bullet and cartridges used & to provide medico-legal interpretation from these	Small group 17-- ( BATCH B) - Skills in Forensic Medicine and Toxicology FM14.11 To identify & describe weapons of medicolegal importance which are commonly used e.g. lathi, knife, kripa, axe, gandasa, gupti, farsha, dagger, bhalla, razor & stick.  Able to prepare report of the weapons brought by police and to give opinion regarding injuries present on the person as described in injury report/ PM report so as to connect weapon with the injuries. (Prepare injury report/ PM report must be provided to connect the weapon with the injuries)
Day 3	Wed	Clinical Posting		Hormonal contraceptives			
Day 4	Thu	Clinical Posting	Lect. 29 -Natural history, presentation, course, complication and cause of death for common cancers	Integration- Clinical Pharmacology 3 Adverse drug reaction		Resp. Med.-21 Develop a management plan for acute exacerbations including bronchodilators, systemic steroids, antimicrobial therapy	Integrated Teaching
Day 5	Fri	Clinical Posting				OP8.5 - 2 Correlative anatomy, aetiology, clinical manifestations, diagnostic tests, imaging and management of diseases of optic nerve and visual pathway	OP8.8 - 3 Enumerate and discuss treatment modalities in management of diseases of retina  Miscellaneous  OP9.3 - 1 Describe the role of refractive error correction in a patient with headache
Day 6	Sat	Clinical Posting	Lecture- 26- PS11.1- Enumerate and describe the magnitude and etiology of personality disorders			AETCOM	Self Directed Learning

**BLOCK 2 Week 14**

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
-----	-----	------	-------	------	-----	-----	-----

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 1	Mon	Clinical Posting	Ortho Lecture 8 Describe and discuss the mechanism of injury, clinical features, investigations and principles of management of fracture of shaft of humerus with emphasis on neurovascular deficit	Ortho 19 Describe and discuss the aetiopathogenesis, clinical features, investigations and principles of management of Bone and Joint infections  a) Acute Osteomyelitis b) Subacute osteomyelitis & Chronic osteomyelitis  c) Acute Suppurative arthritis d) Septic arthritis	<b>L U N C H</b>	Lecture:28 - CM 10.8- Reproductive Maternal & Child Health	CM 4.1 to 4.3- Tutorial Health education and communication
Day 2	Tues	Clinical Posting		SU21.1 SGD:27  AN34.1 AN28.9 Describe surgical anatomy of the salivary glands, pathology, and clinical presentation of disorders of salivary glands  Describe & demonstrate the morphology, relations and nerve supply of submandibular salivary gland & submandibular ganglion  Describe & demonstrate the parts, borders, surfaces, contents, relations and nerve supply of parotid gland with course of its duct  and surgical importance		Small group 19- SEXUAL OFFENCES-  FM3.14 Describe and discuss the examination of the victim of an alleged case of rape, and the preparation of report, framing the opinion and preservation and dispatch of trace evidences in such cases.	Small group 20- (BATCH A)- SEXUAL OFFENCES  FM3.15 Describe and discuss examination of accused and victim of sodomy, preparation of report, framing of opinion, preservation and dispatch of trace evidences in such cases.

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 3	Wed	Clinical Posting		Barrier contraceptives			
Day 4	Thu	Clinical Posting	Lect. 30 -Describe the common issues encountered in patients at the end of life and principles of management, Describe and distinguish the difference between curative and palliative care in patients with cancer, Describe and discuss the ethical and the medico legal issues involved in end of life care, Describe the therapies used in alleviating suffering in patients at the end of life	Integration- Clinical Pathology 4 Anaemia and haemoglobinopathies		Resp. Med.-22 Describe discuss and counsel patients appropriately on smoking cessation	Integrated Teaching
Day 5	Fri	Clinical Posting		<b>HOLIDAY</b>			
Day 6	Sat	Clinical Posting	Lecture- 27- PS11.4- Describe the treatment of personality disorders including behavioural, psychosocial and pharmacologic therapy			AETCOM	Self Directed Learning

<b>BLOCK 2 Week 15</b>							
Day	Day	8-11	11-12	12-1	1-2	2-3	3-5

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 1	Mon	Clinical Posting	Ortho Lecture 9 Describe and discuss the mechanism of injury, clinical features, investigations and principles of management of Supracondylar fracture humerus and intercondylar fracture humerus with emphasis on neurovascular deficit	Psych. PS1.1 Establishment of Rapport and Empathy with patient	<b>L U N C H</b>	Lecture: 29- CM 20.1- Recent advances in Community Medicine	CM 10.1 to 10.9- Tutorial MCH
Day 2	Tues	Clinical Posting		SU21.2 SGD:28  Enumerate the appropriate investigations and  Describe the Principles of treatment of disorders of salivary glands		Small group 21- Medical Jurisprudence (Medical Law and ethics)  FM4.13 Describe social aspects of Medico-legal cases with respect to victims of assault, rape, attempted suicide, homicide, domestic violence, dowry- related cases	Small group 20- (BATCH B)- SEXUAL OFFENCES  FM3.15 Describe and discuss examination of accused and victim of sodomy, preparation of report, framing of opinion, preservation and dispatch of trace evidences in such cases
Day 3	Wed	Clinical Posting		Intrauterine contraceptive devices			
Day 4	Thu	Clinical Posting		Integration- Pathology 5 Clinical Platelet disorder		Resp. Med.-23 Demonstrate and counsel patient on the correct use of inhalers	Integrated Teaching
Day 5	Fri	Clinical Posting				OP9.2 Classify , enumerate the types, methods of diagnosis and indications for referral in a patient with heterotropia/ strabismus	OP9.3 – 2, OP9.4 – 1- Enumerate the indications of referral for patient with headache Enumerate, describe and discuss the causes of avoidable blindness
Day 6	Sat	Clinical Posting	Lecture- 28- PS11.6- Enumerate and describe the			AETCOM	Self Directed Learning

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			pharmacologic basis and side effects of drugs used in personality disorders.  PS11.7- Enumerate the appropriate conditions for specialist referral.				
--	--	--	---	--	--	--	--

**BLOCK 2 Week 16**

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
Day 1	Mon	Clinical Posting			<b>L U N C H</b>	Lecture: 30 - CM 20.2- Recent advances in Community Medicine	CM 7.1 to 7.8- Tutorial basic and applied Epidemiology
Day 2	Tues	Clinical Posting		SU22.1, 22.2 SGD:29  AN35.2 Describe the applied anatomy and physiology of thyroid. Describe the aetiopathogenesis of thyroidal swellings.  Describe & demonstrate location, parts, borders, surfaces, relations  & blood supply of thyroid gland		Small group 22- Skills in Forensic Medicine and Toxicology  FM14.14 To examine & prepare report of an alleged accused in rape/unnatural sexual offence in a simulated/ supervised environment.	Small group 23- (BATCH A)- Skills in Forensic Medicine and Toxicology  FM14.15 To examine & prepare medico-legal report of a victim of sexual offence/unnatural sexual offence in a simulated/ supervised environment
Day 3	Wed	Clinical Posting		Inject able contraception			
Day 4	Thu	Clinical Posting		Integration- Clinical Pathology 6 Hematological malignancies		Resp. Med.-24 Communicate diagnosis treatment plan and subsequent follow up plan to patients	Integrated Teaching
Day 5	Fri	Clinical Posting				OP9.5 Describe the evaluation and enumerate the steps involved in the stabilization , initial management and indication for referral in a patient with ocular injury	OP9.4 - 2 The national programs for control of blindness (including vision 2020)
Day 6	Sat	Clinical Posting	Lecture- 29- PS12.1- Enumerate and describe themagnitude and etiology of psychosomatic disorders			AETCOM	Self Directed Learning

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			<p>PS12.4 - Describe the treatment of psychosomatic disorders including behavioural, psychosocial and pharmacologic therapy.</p> <p>PS12.6- Enumerate and describe the pharmacologic basis and side effects of drugs used in psychosomatic disorders. PS12.7- Enumerate the appropriate conditions for specialist referral.</p>				
--	--	--	---	--	--	--	--

**BLOCK 2 Week 17**

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
-----	-----	------	-------	------	-----	-----	-----

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 1	Mon	Clinical Posting	Ortho Lecture 11 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and principles of management of fractures of distal radius	Psych. PS 4.2 Elicit, describe and document clinical features of alcohol and substance use disorders. PS4.3 Enumerate and describe the indications and interpret laboratory and other tests used in alcohol and substance abuse disorders. PS4.5 Demonstrate family education in a patient with alcohol and substance abuse in a simulated environment. PS5.2 - ent clinical features, positives  PS5.4 Demonstrate family education in a patient with schizophrenia in a simulated environment	<b>L U N C  H</b>	Lecture: 31- CM.8.2 & 8.3 - Epidemiology of Non Communicable diseases	Self directed learning I Integrated teaching seminar I
Day 2	Tues	Clinical Posting	SU22.3 SGD:30  PA32.1 Demonstrate and document the correct clinical examination of thyroid swellings and discuss the differential diagnosis and their management. Enumerate, classify and describe the etiology, pathogenesis, pathology and iodine dependency of thyroid swellings	Small group 24- SEXUAL OFFENCES  FM3.16 Describe and discuss adultery and unnatural sexual offences- sodomy, incest, lesbianism, buccal coitus, bestiality, indecent assault and preparation of report, framing the opinion and preservation and dispatch of trace evidences in such cases		Small group 23 - (BATCH B)- Skills in Forensic Medicine and Toxicology  FM14.15 To examine & prepare medico-legal report of a victim of sexual offence/unnatural sexual offence in a simulated/ supervised environment	
Day 3	Wed	Clinical Posting		Newer contraceptives			
Day 4	Thu	Clinical Posting				Resp. Med.-25 Recognise the impact of OAD on patient's quality of life, well being, work and family	Integrated Teaching

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 5	Fri	Clinical Posting					
Day 6	Sat	Clinical Posting	<p>Lecture- 30- PS13.1- Enumerate and describe the magnitude and etiology of psychosexual and gender identity disorders.</p> <p>PS13.4- Describe the treatment of psychosexual and gender identity disorders including behavioural, psychosocial and pharmacologic therapy.</p> <p>PS13.6- Enumerate and describe the pharmacologic basis and side effects of drugs used in psychosexual and gender identity disorders.</p> <p>PS13.7- Enumerate the appropriate conditions for specialist referral.</p>			AETCOM	Self Directed Learning

**BLOCK 2 Week 18**

Day	Day	8-11	11-12	12-1	1-2	2-3	3-5
-----	-----	------	-------	------	-----	-----	-----

**Third Year Part-I (CBME) Time Table for 2019 Batch**

Day 1	Mon	Clinical Posting	Ortho Lecture 12 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and principles of management of pelvic injuries with emphasis on hemodynamic instability	Psych. PS6.2 Enumerate ,elicit ,describe and document clinical features in patients with depression.  PS6.3 Enumerate and describe the indications and interpret laboratory and othertestsused in depression  PS6.5 Demonstrate family education in a patient with depression in asimulatedenvironment  PS7.2 Enumerate, elicit, describe and document clinical features inpatients with bipolar disorders  PS7.3 Enumerate and describe the indications and interpret laboratory and othertestsused in bipolar disorders  PS7.5 Demonstrate family education in a patient with bipolar disorders in asimulatedenvironment	L U N C H	Lecture: 32- CM8.5 , 8.6 8.7- Epidemiology of Non-communicable Diseases	Self directed learning I Integrated teaching seminar II
Day 2	Tues	Clinical Posting	SU22.4, SU22.5 SGD:31  AN35.8 Describe the clinical features, classification and principles of management of thyroid cancer Describe the applied anatomy of parathyroid Describe and discuss the clinical features of hypo - and			Small group 25- SEXUAL OFFENCES  FM14.13 To estimate the age of foetus by post-mortem examination	Small group 26- (BATCH A)- SEXUAL OFFENCES  FM 3.20 Discuss disputed paternity and maternity

**Third Year Part-I (CBME) Time Table for 2019 Batch**

				hyperparathyroidism and the principles of their management  Describe the anatomically relevant clinical features of Thyroid swellings			
Day 3	Wed	Clinical Posting		<b>HOLIDAY</b>			
Day 4	Thu	Clinical Posting		Integration-Clinical Microbiology 7 Biologicals and disease modifying agents	Resp. Med.-26 Demonstrate an understanding of patient's inability to change working, living and environmental factors that influence progression of airway disease	Integrated Teaching	
Day 5	Fri	Clinical Posting				Medical and Surgical Management	
Day 6	Sat	Clinical Posting	Lecture- 31- PS14.1- Enumerate and describe the magnitude and etiology of psychiatric disorders occurring in childhood and adolescence.  PS14.3- Describe the treatment of stress related disorders including behavioural, psychosocial and pharmacologic therapy  PS14.5- Enumerate and describe the pharmacologic basis and side effects of		AETCOM	Self Directed Learning	

**Third Year Part-I (CBME) Time Table for 2019 Batch**

			<p>drugs used in psychiatric disorders occurring in childhood and adolescence.</p> <p>PS14.6- Enumerate the appropriate conditions for specialist referral in children and adolescents with psychiatric disorders.</p>				
--	--	--	--	--	--	--	--
