To ensure a smooth and comfortable transition for students coming to the University from different states, the university will be making essential daily-use items available for purchase within the campus itself at concessional rates from our "Employee's Co-operative Society". This initiative has been introduced to help newly arrived students settle into their accommodation conveniently without the stress of searching for shops or rushing outside at the last moment to buy necessary items, especially during the initial days after arrival.

Commonly required item in hostel and for personal use items such as mattresses, hangers, buckets and mugs, shoe racks, door mats, water bottle and other basic necessities that students may need for their day to day living. By arranging these items within the university premises, students and parents can save both time and efforts, while ensuring that important essentials are easily accessible immediately after admission and hostel allotment.

Please note that you will have to report to following address...
